ROOTERS' CLUB WANTED

Rooting Organization Should Be Perfect Before Ames Game

Where is the Rooter's Club, which in the past has caused so many foot-ball teams to tremble? The game with Ames is only a few days off, and no Rooter's Club in sight. It has been shown in the past what this club can do and what it has done.

Alexander Janes, who was president of the club last year, is not here this year, and a new president will have to be elected. A man is wanted who has a great deal of foot-ball enthusiasm pent up within him, and who is able to let it loose upon any occasion. In the past, Minnesota is said to have had the best rooting organization that was ever put upon a foot-ball field, and we must have it again.

Ames, who plays here Saturday, has defeated Minnesota twice in the last five years and the club must be organized by that time.

A man must be found to take the place of the famous Terry, whose ability as a yell-captain is well known.

The history of the Rooter's Club is not long; it extends over a period of the last three years, during which time we have had one championship team. We have it in our power to make the fourth year of this club, one to be remembered for years to come.

Will Receive Informally

Prof. and Mrs. Willis M. West will give the first of a series of informal receptions to the students of the department of history this afternoon at their home at 1314 Sixth St. S. E. They will be assisted in receiving by the members of the faculty in this department. These receptions will be given the first and third month during the semester, and will afford an opportunity to all connected with the history department, to enjoy the delightful hospitality of Prof. and Mrs. West.

U L A Lectures

The University Liberal Association though less than a year old, is nevertheless rapidly taking a place as an invaluable organization in the University. While its purpose is laid upon the broadest foundations possible, that of free discussions of live topics of the day, it does not in any way pretend to infringe upon the good work accomplished by other University organizations. The association is at present making plans for a winter program. A number of representative speakers will be secured to deliver lectures upon some live topic, followed by discussions. A number of the members of the faculty will undoubtedly be represented in the coming lecture course. Arrangements are also being made to secure well known men from elsewhere. Dr. Simmons, of Minneapolis, will address the first meeting of the association on next Sunday afternoon, on a topic the subject of which will be announced later. Dr. Simmons is a scholar of repute, and those who take advantage of the privilege of hearing him, will certainly enjoy a rare treat.

SONG FOR THE MORNING

What a friend we have in Jesus,
All our sins and griefs to bear!
What a privilege to carry
Everything to God in prayer!
Oh, what peace we often forfeit,
Oh, what needless pain we bear,
All because we do not carry
Every thing to God in prayer!

Have we trials and temptations?
Is there trouble anywhere?
We should never feel discouraged,
Take it to the Lord in prayer.
Can we find a friend so faithful,
Who will all our sorrows share?
Jesus knows our very weakness—
Take it to the Lord in prayer.

A SPY IS IN CAMP

Foot Ball Practice Will Be Behind Closed Gates

The team practiced behind closed gates last night until five-thirty when Dr. Williams permitted the gates to be opened to allow the few who braved the elements to watch the scrimmage work. The work consisted of giving the college team the ball near the Varsity's goal line and practicing the first team on defense. The Varsity held the second team for downs a number of times, the latter being unable to score on the first team.

The first team was then given the ball on their own twenty-five yard line, and in a very few minutes carried the ball over for a touchdown. The team was then given work in getting down the field under punts and blocking the ends and punting.

In the "run in" Dr. Williams, who has shown himself too fast for the squad, was given a handicap of five yards, but even then he finished second.

In all probabilities the practice will continue behind closed gates, as a Wisconsin spy was detected on Northrop Field Tuesday, who was busy taking down the signals as well as making himself familiar with our style of playing.

Dr. Williams confirmed the report last evening to the effect that such a person had been seen on Northrop Field. Under the circumstances it would be folly to have open practice.

Charlie Fee, who played left tackle on the 1900 and 1901 teams, will be here to see the Ames game on Saturday. He will probably assist Dr. Williams for a short time in coaching the team.

Y W C A

The Y. W. C. A. meeting Wednesday at 12:40 on the subject Geneva, was very interesting. Miss Hillman led, and, after a few remarks, asked Miss Bonwell to speak of the personnel of the convention. She was followed by Miss Wood who told of her impression of the Geneva girl. Miss Briden spoke of the general effect of the Convention upon the girls.

Are You a Singer

The Glee Club will hold a meeting tomorrow afternoon, at five o'clock, in the Band Room of the Armory, for the purpose of giving any student a trial for a place in that organization. Voices will be tested, and it is important that there be a large turn-out. The Club promises to be stronger than ever this year, and anyone securing a place will certainly receive much benefit, besides having the honor of being a member of a representative University organization.

BASE BALL INDOORS

Baseball Fans Talk of Organ- izing an Indoor Team

There is every possibility that the most fascinating of winter sports, indoor baseball, will be a feature of athletic sports at the University this winter.

Captain Metcalf, of last year's baseball team, said last evening:

"It is the intention of those interested in indoor-baseball to get together the first of next week, and perfect an organization. We have plenty of good material on hand, which will insure a first class team. Last year, but three games were played with outside teams, but we won out in every one. We expect the athletic board of control to give us some assistance, but if its help is withheld, we will be perfectly willing to assume all risk and liabilities."

Nearly all of last year's indoor team are back this year. This list of names includes the following:

Hugh Leach, Heland, Metcalf, Zanner, Chase, Brigham, Freeman, Branton, Cameron, and Varco.

Gopher Prizes for 1904

Last year it was announced that the 1904 Gopher Board would offer a list of prizes to be given for literary and artistic work available in the 1904 Gopher. The prizes for literary work were then announced but the DAILY prints the full list of prizes today for the first time.

LITERARY.

1. Best story of Minnesota College life containing not more than 1,500 words nor less than 800, \$5.00; second, '04 Gopher.

2. Best collection of College jokes in prose or verse, \$5.00; second, '04 Gopher. In this contest rhymes, jungles or clever things of any character are included.

3. Best piece of College verse, \$5.00; second prize, '04 Gopher.

ARTISTIC.

1. Best full page original illustration. First prize, \$5.00; second, 1904 Gopher.

2. Best collection of college sketches. First prize, \$5.00; second, 1904 Gopher. Caricature of people about college may be included in the contest.

Literary matter may be dropped in the Gopher box in the post-office or left with any member of the Board.

George C. Sikes, '03, secretary of the committee on local transportation of the Chicago city council, has recently issued in pamphlet form a paper read before the national municipal league at Boston, May 8, 1902, upon the "Street railway situation in Chicago." Mr. Sikes is much in demand as a writer upon municipal and economic problems and what he has to say is always worth reading.

RUSHED BY CRUEL MEDICS

Park Policeman Receives Very Disrespectful Treatment From Sawbones

The Medical students spent a happy half hour with Mr. Swanson, the park policeman at the end of which time the festive copper wash placed on board a St. Paul car very glad to leave the campus and promising profusely never to visit again.

The trouble began when he appeared in front of the Medical Building and began his usual tactics of stalking the offending wheelmen. It chanced to be just the time between the first and second hour and the students began hooting him in a way which would have warned a wiser head that more congenial places might be found. The officer, however, dismounted from his wheel and came up onto the sidewalk.

Some of the medics went down to remonstrate with him for leading his wheel on the sidewalk and things began to happen. A man was shoved against the officer from one side and before he had entirely recovered a man went against him from the other. His hand went to his hip pocket but he was persuaded not to draw his gun and a minute later was dispossessed of the weapon. His wheel was in danger of being damaged and some of the students took it out of harm's way.

By that time quite a crowd had collected and after he had been impressed with the earnestness of the students and his mind seemed to be in a receptive mood he was told that all that was required of him was his absence from the campus. To further emphasize the meaning he was taken by the arms and escorted, at a good run, down to the Interurban car line and was placed on board a car as above stated.

This afternoon his wheel was taken down to the office of the Park Board and it is safe to guess that he will be a trifle less diligent in the future in digging up dead regulations of the Park Board and attempting to enforce them.

U C A Reception

The University Catholic Association will hold a reception for the Freshmen on Saturday evening, Oct. 4, in the Y. M. C. A. Building. The old members are urged to be present and a cordial welcome is extended to the new ones.

An Attractive Lecture

Today at the second hour in Dr. Burton's room, will be given an address of general interest to students and faculty. Dr. W. B. Riley of the First Baptist Church will speak on the subject, "The Duty of Christian America to the World." Dr. Riley is a careful student, a strong speaker and is sure to have valuable messages for his hearers.

The Yale Sophomores won all three wrestling matches from the Freshmen this year.

The subscriptions for a University Club House at Wisconsin have reached the \$25,000 mark.

The announcement in yesterday's DAILY that a democrat had been elected vice-president of the Republican Club caused not a little consternation in the ranks of the G. O. P. What action will be taken has not been announced.

Judging from the highly embellished literary style employed by the Freshmen in answering the Sophomore challenge for a cane rush, those worthies, must be fairly pining for the coming contest. We await the event with much interest.

If the recent foot ball game with Hamline is any criterion, the Varsity will certainly play fast ball this season. With a formidable rush line, and good team work, which will come later on, Minnesota's foot-ball chances are bright.

The DAILY has it on good authority that the University will have an indoor base ball team this year. Last year's effort in this direction was an experiment, but it proved most successful. We await definite action looking towards the organization of a first class team.

The game with Ames occurs on Saturday. This is the first game of any consequence to be played this season. From good authority we have it that the aggregation which is to oppose Minnesota, is by no means a weak one. This fact alone should insure a good attendance. Again the coming game will afford an opportunity to size up Minnesota's strength, and to form an estimate of what we may expect from our own boys.

In all probabilities a rooters organization will be completed before Saturday, and some good rooting may be expected.

A Little More Courtesy

Smoking in the grand stand during a foot ball game ought to be stopped. The offenders should be sensible at least of the presence of ladies, and desist from a habit which certainly does not lend any additional enjoyment to the young lady spectators. On the other hand an atmosphere polluted with tobacco smoke must be offensive to them in the highest degree. The co-eds should certainly be treated with a little more courtesy.

Time to Organize

It is certainly time that immediate action be taken towards organizing a Rooter's Club. Saturday we play Ames. It is admitted that the contest will be a spirited one. Two weeks from Saturday we play Nebraska and before that event comes off a Rooter's Club ought certainly to be more than a realized fact—it should be in the best of working order. The DAILY suggests that a mass

meeting be held in the Chapel tomorrow, at the third hour, when proper steps should be taken looking towards the reorganization of a Rooter's Club.

That Trolley Car Affair

The spirited skirmish indulged in yesterday morning by an army of medics, precipitated by an attempt on the part of a park policeman to arrest cyclists using the campus walks, is causing no end of comment in the city papers.

While the dailies in their version of the affair, are inclined to view the matter in a humorous light, one of them, the Journal quotes an interview with Superintendent of Parks, W. M. Berry, which purports to give that gentleman's side of the case. The DAILY publishes a portion of the interview, which is as follows:

"The officer was acting entirely within line of his duty," declared Mr. Berry "and the University students who assaulted him have laid themselves open to prosecution for resisting an officer.

It is a violation of the park ordinance to ride a bicycle upon the sidewalk paralleling this drive, and if one officer is not enough we will detail enough men to see that this ordinance is properly enforced. The policeman who was pushed off the campus this morning will be sent back tomorrow with reinforcements. We will have three officers from now on and if need be I will detail the whole force there."

If Mr. Berry keeps his promises good and sends over three coppers, some interesting developments will certainly follow.

Miss Nellie Savage, ex-'98, was married Thursday, Sept. 25, to Mr. Wilford Lynch of Chicago. The wedding occurred at Bath Beach, Brooklyn, where the bride's brother Mr. Linneaus Savage, '97, resides.

AMES VS. MINNESOTA

The Game Saturday Will Be Fast and Hard

The Ames game which occurs on Saturday will offer the first real test of Minnesota's strength on the gridiron. The coming event is arousing much interest. Ames has an unusually strong team this season, and her Iowa supporters are predicting a hard and fast game.

Besides having the decided advantage of being coached by a last year's Harvard half-back, Ames has a rush line this year that averages 150 pounds. This fact alone will insure a strong defense against the Varsity team.

The game will be well worth seeing and every one should turn out.

Ye of Cushion Brains

We, the terrible, the invincible class of naughty-six, having considered with amused pity, the challenge of the dwarfed aggregation of soft ones, though our hearts are filled with anguish at the thought of their fate, do accept their challenge, for a formal cane rush next Saturday, between the halves of the Ames football game. Let them meet us with eight of their men and let them take their mammies along for protection.
