## THE JUNIOR BALL

Will Eclipse Anything of its Kind ever Given at the University.

The ball given by the class of 1903 this year will probably be the finest that has ever been seen here in Minnesota circles. The Juniors have determined to outdo all previous efforts that have been made in this line and everything will be done to make it a great success.

Many new features as the matter of decorations and program are to be introduced. The decorations will be novel and, if the present plan is carried out, will make the Armory present a beautiful appearance.

It has not yet been fully decided whether the colors will be green and white (the class colors) or pink and white, but pink and white will probably be the ones chosen. In order to cover up the bare walls and rafters of the Armory the bunting will be hung in such a way that it will present a canopy appearance. The lighting plan will be somewhat after the order of the Senior Prom. last year, except that four calcium lights instead of two will be used.

The program committee have several beautiful and artistic designs submitted to them, many of which are by University students, and some difficulty has been had in choosing the one most suitable for the ball, but which ever one is chosen the student body may rest assured that it will be one that is worthy of the greatest praise.

Danz's full orchestra has been chosen to play for the dancing and Prof. Danz has consented to play a series of concert numbers, before the regular dancing begins. There will be twenty-five dances and six supper extras. The extras will be played after the sixteenth dance, at which time supper will be served.

The different committees are hard at work and there is no doubt but that their efforts will be crowned with success.

### LOOK YE

One of the great collateral features of the mighty freshman-sophomore spelling match, which will occur early in February, will be a debate on a question of vast importance: "Resolved, That blondes are preferable to brunettes."

The affirmative of this resolution will be bravely advocated by F. J. McPartlin and John P. Smith, which the negative will have doughty support in the person of Messrs. E. L. Touhy and Bert Russel.

Many other interesting features are being arranged and will be announced later with the definite date.

## NO ONE TO ESCAPE

"Good Morning, Have You Been Vaccinated," is the Proper Salutation Today.

Vaccination is the business of the hour at the University just now and will continue to be so until every student has been innoculated or is able to show a certificate of vaccination from a reputable physician.

The activity along this line at this particular time is the result of a case of small pox discovered at the University, late Saturday night. H. E. McKibben, a Sophomore medic, had been feeling ill all last week and on Saturday night he consulted Dr. Westbrook, of the medical faculty, at his home. The doctor pronounced the case to be smallpox, and McKibben was at once taken to the detention hospital. His condition is not serious.

Health Commissioner Hall, of Minneapolis, held a conference with President Northrop, yesterday, and it was decided to be advisable to vaccinate every student in the institution, in order to anticipate any spread of the disease.

Representatives of the health department visited McKibben's room, 316 Fifteenth avenue SE, and vaccinated all who had been exposed. The same operation was gone through with at the boarding club where he boarded. Ninety students were vaccinated at this place.

Pres. Northrop and Dr. Parks Ritchie, dean of the medical department, were in consultation yesterday morning, in regard to the matter. Students of the medical department went through the process yesterday morning, and in the afternoon a force of physicians of the health department visited the Law School at the afternoon lecture. A few escaped, but the majority submitted to the vaccination.

This morning the other departments of the University will come in for their share of attention. A number of medical students, it is said, will assist the officials of the health department in the work of vaccination.

Just what the results of the wholesale innoculation of 3,000 students will be, is hard to tell at this time. In many cases it will, no doubt, mean a loss of school work, which is unfortunate now that the semester examinations are slated to begin next week. No social functions of importance are scheduled for the next two weeks at the University. The Junior Ball takes place January 31—two and a half weeks distant. This may be interfered with, but it is hoped that the recovery will be general by that date.

Michigan University had a similar experience a year ago, when every student was required to be vaccinated or present a physician's certificate. There, as here, the order went forth because of the existence of small pox in the institution and to prevent its spread.

## BAND INFORMAL

The Varsity Band will Give a Post-Exam Informal on Jan. 24, at the Armory.

The University Band has decided to give another informal, at the armory, on the evening of Jan. 24. This will be just after all exams are finished and will be of the nature of a post exam jubilee. The band still owes the board of control considerable for the trip to Chicago and the proceeds of the informal will be used to pay this. There will be a program of from sixteen to twenty dances and the affair promises to be fully as popular as those given by the boys in the past.

## TO ELECT ATHLETIC MANAGER

A special meeting of the Athletic board has been called at 4 o'clock today for the purpose of electing a graduating manager to take charge of all athletics at the University. Previous to this time, there have been three managers elected, one to take charge of base ball, one for foot ball, one for track work, and one for basket ball. The board proposes to combine all these positions under one head and pay the manager a salary of not less than \$1,000 a year. Most of the larger colleges of the United States have tried the system of graduate management and have found it the most satisfactory way of conducting the business connected with athletics.

Just what action the board will take is not known. The constitution of the Athletic Association provides for the election of department managers to take charge of the athletics of their respective departments. Some of the members of the board hold that in order to elect a single athletic manager, the constitution must first be amended. Others hold that such an amendment is not necessary. If the majority of the board decide that a constitutional amendments must be adopted before a graduate manager can be elected, this amendment will be proposed at the meeting next Saturday evening, and the new board elected at that meeting will proceed to elect a manager.

M. J. Luby and John Currant are candidates for the position of graduate manager. Mr. Luby has met with good success and has given good satisfaction as manager of foot ball this last season. Mr. Currant, although not so well known as Mr. Luby, is a capable man, and would no doubt fill the position well.

## DEBATE POSTPONED

At the meeting of the Debating Board, yesterday, it was decided to postpone the preliminaries and semifinals of the inter-society debates one week each. Nothing definite has yet been done in regard to the proposed Wisconsin debate.

The  
**Minnesota Daily**  
 Official Paper of the University  
 Published every day  
 during the University year by the students of  
 the University of Minnesota.  
 This day's issue edited by  
**BRUCE F. HARRIS,**

**The Co-operative Organization of the Daily.**

Since the late discussion of the college journal question in the University began it has been suggested that it would be well to emphasize the essentially co-operative character of the organization of the DAILY.

The MINNESOTA DAILY ASSOCIATION organized in 1900 as the successor of the Ariel Association, which had existed for twenty-two years, is composed of all students who are subscribers to the DAILY. At the annual meeting held in April each subscriber is entitled to have a voice in the selection of the board of directors and in making any changes in the constitution which experience may indicate is desirable. Thus the control of the paper rests primarily with the student body and inasmuch as subscribers are found in each department, all departments have representation in the association.

The board of directors, which is made up of five students and two faculty members, selects the manager, and an editorial staff composed of a managing editor, five associate editors and an exchange editor, and inasmuch as the constitution requires representation on the board of directors of the academic, engineering, law and medical departments, the interests of the several departments or of any of them, are not overlooked in the selection of the editorial staff. The board exercises a general supervision over the work of the manager and editorial staff and serves as a valuable advisory body for those who have the immediate charge of the paper.

This plan of organization has been found eminently successful. Under it the DAILY has enjoyed two prosperous years and has received the most cordial support of the student body and liberal patronage of the advertisers of the city.

**TO PLAY THE OLD MUSICIAN**

At the Dramatic Club rehearsal yesterday, at the Johnson school, Mr. Frank Lane was chosen to fill the part of the old musician in the play by that name, which was left vacant by Dr. Burton's withdrawal. The directors have been considering Mr. Lane for a few days past, but have withheld it from the press until it was definitely decided upon. Mr. Lane is Junior miner and an old member of the club. It was at first very doubtful if any one suited to the part could be found to take Dr. Burton's place, but Mr. Lane is surpassing all expectations and Mr. Guilbert, the director of the club is very much pleased with his work; he said: "Mr. Lane is doing very well indeed; of course he hasn't his lines all learned, and it is difficult to judge, but he certainly has capabilities and with hard work and extra assistance from Dr. Burton he will prove a strong man in the part."

Extra rehearsals are being held and all the members are showing the greatest enthusiasm in their work. The caste of the Old Musician as it stands now

is as follows:  
 Jacques ..... Frank Lane  
 Percival ..... Oscar Wiren  
 Crotchet ..... George Webster  
 Dixon ..... Mr. Mitchell  
 Nina ..... Miss Wheeler  
 Work in "The Romancers" is also progressing very rapidly. Eight young ladies selected from the club are practicing on a dance which will be introduced in "The Romancers." The costuming and scenery in this play will be exceptionally artistic.

**NOW FOR VICTORY**

The Iowa team has now practically been selected and Minnesota will be represented in the coming contest, which will occur the last Friday in March, by Messrs. O. P. McElmeel, O. A. Linde, and Alex Janes.

The question for this debate is: "Resolved, that it is desirable that the United States should retain permanent control of the Philippines." Minnesota has the affirmative of this resolution, while Iowa will champion the negative.

**Getting Warm**

Politics in the Sophomore class is becoming exceedingly warm and many are the candidates for the honors. The latest candidate in the field is E. J. Cheney, who is a candidate for the position of assistant business manager. Mr. Cheney is an electrical engineer and a member of the Shakopean literary society.

**NEW TROPHIES**

The large silk pennant which was presented to the football team by the girls of the University in 1900 will be placed in one of the trophy cases this morning. The scores of the past two seasons have been painted on it and it will greatly add to the looks of the cases. The banner won by the Freshmen in the spelling match, two years ago, will also be placed in one of the cases today.

**A SPECIAL SUBSCRIPTION RATE**

The DAILY is offered to new subscribers from now until the end of the University year for seventy-five cents. Those who are subscribers for the first semester only may extend their subscription to the end of the year by paying the same amount. Remember, this offer is held open only until February first. We make this special rate in order to encourage students who have not been subscribers to the paper to give it a trial for the rest of the year.

**BY THE WAY.**

Nebraska spent \$4,800 on football last season.

Prof. Sanford left Saturday to deliver a lecture in Omaha.

Word comes from Notre Dame that she expects to play baseball here this spring.

Huntly Downs has been appointed as a DAILY reporter, from the engineering department.

Miss Mary Sullivan, '05, has accepted a position in the city schools and has left the University.

Miss Clare A. Cross, '00, now teaching in the Central High School, was a "U" visitor Saturday.

Miss Helen Mills, ex-'02, Kappa Kappa Gamma, is studying dramatic art in New York city.

Harry McLean Dewart, '94, writes to friends at the University of the delights of farm life on his large farm near Winnipeg, Man.

James Ford, ex-'01, lately returned from Nome, Alaska, has taken a position as assayist of a mine at Anaconda, Montana.

Miss Jeannette, '03, who has been teaching at River Falls Normal, Wis. has resigned her position on account of ill health.

Edmund Gale Jewett, '97, M. A., and Miss Blanche Hand were married during the holidays and have gone to Whatcombe, Washington, to reside.

Students may not generally know that Dr. Burton has a class in bible study at the First Congregational Church every Sunday noon. This is a great opportunity for University students to hear Dr. Burton in his delightful interpretation of Biblical Literature.

**BOWLING LEAGUE**

A meeting will be held immediately after chapel to-day in Chapel hall for the purpose of organizing an Inter-Fraternity Bowling League. Plans will be laid for the coming tournament, which will be held as soon as the semester begins. As far as can be ascertained Minnesota is the first college that has made a move in this direction. The fraternities which have already made some efforts toward organizing teams are Phi Kappa Psi, Delta Kappa Epsilon, Chi Psi, Beta Theta Pi, Zeta Psi, Sigma Chi, Alpha Delta Phi, Psi Upsilon and Delta Tau Delta, who, together with others who may be interested in forming such a league, will be represented at the meeting.

**LAW NOTES**

Query:—If Judge Hefron should be found in possession of a thousand dollars, to whom would it belong. The Dean:—The presumption would be that it was a trust fund.

The District Court calendar was called by Judge Hickman and some forty-five cases are on docket for the January term.

**Castallians Notice**

There will be a regular election of officers for next semester, Thursday, Jan., 16th 1902 in the Y. W. C. A. building at the regular time.

**LOST.**

Between the Library building and 1413 University Ave. on Sunday afternoon, a ladies watch with name of Mysel Bishop engraved on the inside of the case. Finder please leave at the Daily office.

**PIANOS**

Christmas is over! We are catching our breath and steadying our nerves and muscles for fresh effort and another year of successful business. This is a fitting time—between closing and opening years—to refer to the principles which underlie our business methods—a good time to announce our creed. We have persistently followed a settled policy for thirty-three years. We handle nothing shoddy. We follow no fads. We play no tricks. We buy the best articles the world offers and are satisfied with a moderate margin of profit. We recognize the fact that to make and to hold friends we must follow the golden rule! It's a matter of business as well as a matter of conscience. Now, then! If you like our creed and are confident that our thirty odd years of experience counts for anything, don't forget us this coming year. We will sell you the best and sell it right. We will tell you nothing but facts and treat you as we would hope to be treated if we were buying from you. Wishing our patrons a happy and prosperous new year and acknowledging past favors, we beg to remain

**THE CANDIDATES**

Next Saturday evening, in chapel, the Athletic association election will take place. Besides this, several amendments to the constitution have been proposed by the board of control which will increase the interest in the meeting. The annual report of the president and treasurer will also be read.

Candidates for positions on the board have been a little timid about asking support, but the coming week will doubtless see many new developments and the fight for places will be as spirited as in past years. Among those whose names are mentioned for president are Mr. Kennicott, law, '03; O. A. Lende, '01, law, '03. In the hands of either of these men the affairs of the association would be well looked after and if no poorer material is entered, the students are to be congratulated.

For vice president, the only name yet proposed has been that of J. A. Layne, academic, '03. He is a good man for the place and would make a strong man for anyone to run against. Several men have been proposed for secretary, but the candidates have all requested that their names be withheld for the present.

Among the students from the academic department whose names will be presented at the meeting, are J. V. Williams, '03, and Hughes, engineer, '03.

The medics will run Dix, '03, and Geo. Page, '03, who is a member of the present board, may be induced to enter. Should the presidency go to the laws and an academic be elected vice president, it is very probable that this department will have a man for secretary. Should the proposed amendment be adopted, the secretary and one academic member will hold the position for two years and the greatest of care should be exercised in their election.

**RAH MINNESOTA**

April 5, Minnesota will meet Michigan for the final debate in the Central Debating League.

The question to be debated is: "Resolved, that the best interests of the United States forbid that we should permanently hold and govern the Philippines."

Sides have not yet been chosen, this being yet to be determined by lot.

Minnesota will be represented by McLaren, Norton, and Drake, while Michigan will probably send Messrs. Maggs, O'Connor and Sonnenschien, who won over Northwestern, in the recent debate.

**U. L. A. LECTURE**

The lecture given by Prof. Gale before the University Liberal Association last Sunday was a rare treat. Prof. Gale spoke on the Ethical Functions of Music and illustrated music. The selection and instrumental music. The selections were well rendered and showed the particular ethical functions which Mr. Gale wished to illustrate. The feeling and interest which the speaker showed lent much to the general interest of the discussion and when he had finished, all present united in expressing the opinion that it was one of the most instructive and interesting lectures yet delivered before the association.

**WOMAN'S LEAGUE**

Nearly all the groups of the Women's League met with their respective hostesses' Saturday afternoon. An unusually large number of the young women were present, and reports of a delightful time are heard from all sides. These gatherings are becoming events of considerable importance in the college girl's life here, and are looked forward to with great pleasure.

Miss Firkins and Miss Norris entertained yesterday afternoon instead of Saturday, at the home of the latter lady.

The next meetings will occur in about a month. If the weather permits, there will be some sleigh-rides, and one group has planned a visit to the Walker Art Gallery.

**Typewriters Notice.**

The 1902 class of the Law School have voted to let the contract for the typewriting of their theses. Each thesis is to contain between 3,000 and 4,000 words. The bidder awarded the contract must furnish one copy of each thesis besides the original, the work to be done upon first-class paper. All bids must be sealed and must be in the hands of the committee before Feb. 3d, 1902. No bids will be considered unless first-class work is guaranteed. The committee reserves the right to reject any and all bids. Address bids to R. W. Stanford at No. 26 Eastman avenue, Minneapolis. For further information, write to above address or inquire of Mr. Furst, Law Building.
