## Updates

### AG2 (Covid vaccination) Holds Placed October 20, 2022

Amber Cellotti, [knap0071@umn.edu](mailto:knap0071@umn.edu)

The AG2 (Covid vaccination) service indicators were placed on Thursday, October 20, for eligible students who have not yet complied with submitting their complete vaccination information or an approved religious or medical exemption. The service indicator will prevent registration for spring 2023. Below is a breakdown by each campus for the number of service indicators placed as of October 20.

- Crookston - 53
- Duluth - 440
- Morris - 87
- Twin Cities/Rochester - 1,871

### Spring 2023 Enrollment Appointments & Registration

Amber Cellotti, [knap0071@umn.edu](mailto:knap0071@umn.edu)

Enrollment appointments for spring 2023 will be posted to MyU starting Monday, October 24. Queued registration for spring will begin on Tuesday, November 8, for degree-seeking students. Open enrollment will start on Friday, December 2.

## **Keeping Graduate Non-Degree Authorized Signers Current**

*Amber Cellotti, [knap0071@umn.edu](mailto:knap0071@umn.edu)*

In order to ensure that graduate non-degree seeking students have a smooth registration experience, please be sure to keep the [authorized signers list](#) up to date for your program. Please use the [Graduate Non-Degree Registration Change to Valid Signers Google Form](#) to request updates to the list. Requests to update the list are done twice a month.

## **Coursedog Reset**

*Ingrid Nuttall, [ingridn@umn.edu](mailto:ingridn@umn.edu)*

To ensure the success of the Coursedog implementation, a reset was made on the Coursedog project. Effective Monday, October 10, Sara Cokl took on the role of project manager and Jenni Peterson became the supervisor for the project team members who previously reported to Santiago Fernandez-Giminez.

Sara has begun reaching out to various ASR and University stakeholders involved with the project to gather feedback and insights that will influence the direction of the project as we move forward.
