No. 3

NOTICE

There will be a meeting of the Board of Regents on Wednesday, September 28. Items for the docket should be in by Friday, September 23.

Office of the President

PURPOSE OF FRESHMAN WEEK

Freshman Week has been arranged to give the new student information and advice which will help him make the most of his college career. It will make him acquainted with the University, its rules and regulations and the opportunities it offers before the regular work of the year begins.

In this week you will take the required tests—English, psychological, and physical; you will register, select your course of study and arrange your program of classes. Under the direction of competent guides you will be conducted on tours through the main campus, the campus of the College of Agriculture, and the Library.

You will hear lectures on

- What is a University?
- What is a University Library?
- How to Study, and
- An Address by President Coffman.

For your entertainment the following events have been scheduled:

Wednesday—

Church Night. At the booth in front of the Administration Building students will be given tickets for this event.

Thursday—

8:00 p.m. Mixer for men in the Armory.
Entertainment for women in Minnesota Union Ball Room.

Friday—

8:00 p.m. Mardi Gras in the Armory.

Saturday—

2:30 p.m. Dean Blitz's Tea, Shevlin Hall.

Upperclassmen, faculty and administrative officers are always ready to offer you help and advice.

COMMITTEE ON EDUCATIONAL GUIDANCE

This committee has an office in Room 108, University Library. The committee includes members of the faculties of various colleges who are especially informed upon questions relating to occupations or professions and the courses of study giving the necessary training. The chairman of the committee is Professor D. G. Paterson of the Department of Psychology.

Students who are in doubt about the vocation or profession they wish to enter should go to this committee for information and advice. Students who already know what college they intend to enter should go to the proper officers or registration advisers of that college for direction as to the particular courses to be taken in the departments of that college.

Questions which this committee will help the student to answer are such as these: Will it be best for me to study medicine or engineering? To prepare for teaching or business? What are the conditions of work and what rewards may I expect in this or that line? What kind of qualifications must one have for success in this profession or that occupation?

Some of the committee will be in attendance beginning Friday morning and continuing as long as there are students desiring assistance.

J. B. Johnston,

Chairman Freshman Week Committee

FRESHMAN WEEK ASSIGNMENTS

Each prospective freshman, when he has completed the process of enrolling for Freshman Week, will receive a book of *freshman week assignments*.

This book contains a fly-leaf inside the front cover. On the fly-leaf is printed the individual's program for the week. The hour for each exercise is given on the fly-leaf. The place at which the freshman is to report is given on the coupon which is referred to by letter.

In general, the coupons in each book have been assembled in the order of the program.

The book should be carried throughout Freshman Week.

In case of loss, report to the Registrar's Office for duplicate assignments.

R. M. West, Registrar

CHANGES IN FRESHMAN WEEK ASSIGNMENTS

Any freshman absent from or late for any of the Freshman Week Exercises will lose credit for the week unless he applies at once for schedule adjustment to Vernon M. Williams, Assistant Dean of Student Affairs, Room 213, Administration Building.

CHANGES OF ADDRESS

It is important that the local and home addresses of each student should be correct in the Registrar's Office at all times.

Frequently, messages of vital importance fail of delivery because students can not be located.

It also happens that delays in registration with resultant penalties occur because home addresses have been changed without notification.

Please see that any change in local address, and any changes in home address, either permanent or for the summer vacation only, are reported to the Registrar's Office.

R. M. West, Registrar

UNIVERSITY POST OFFICE

Each student is assigned a post office box in the University Post Office at time of registration. This post office box is the means of official communication with the student. It is important that the box should be visited daily.

MEALS ON THE CAMPUS

During Freshman Week, beginning September 16th, the cafeteria in Shevlin Hall will be open to both men and women for noon luncheon.

INTER-CAMPUS TRANSPORTATION

During Freshman Week, transportation between the Minneapolis Campus and the University Farm Campus will be furnished free on presentation of the freshman week assignment book. These books will be so honored from September 16 to September 24.

After the quarter opens on September 26, passes good for transportation will be issued to any student who is registered for classes on both campuses.

Passes will be issued to students registered on the Minneapolis Campus in Room 11, Administration Building. Students registered in the College of Agriculture, Forestry, and Home Economics will obtain their passes at the Registrar's Office, Administration Building, University Farm.

Neither freshman week assignment books nor passes are good for transportation to intermediate points, but only from campus to campus.

INTER-CAMPUS CAR SCHEDULE FOR FRESHMAN WEEK

September 16th to 24th, inclusive.

Leaving Minneapolis Campus				Leaving Univ. Farm Campus			
7:30	10:00	12:30	3:00	7:45	10:15	12:45	3:15
8:00	10:30	1:00	3:30	8:15	10:45	1:15	3:45
8:30	11:00	1:30	4:00	8:45	11:15	1:45	4:15
9:00	11:30	2:00	4:30	9:15	11:45	2:15	4:45
9:30	12:00	2:30	5:00	9:45	12:15	2:45	5:15
			5:30				5:45

No cars on Sunday, September 18, or September 25.

HOUSING BUREAU

A list of approved rooming houses may be had by calling at the office of the Housing Bureau, located in Shevlin Hall, second floor.

Mrs. McBeath, Director

BUREAU OF EMPLOYMENT

The Bureau of Employment is maintained for the purpose of assisting both men and women students who seek employment, and of developing in all proper ways opportunities for self-help. Students or prospective students applying for the first time must appear at the office (Room 11, ground floor, Administration Building) in person.

ATTENTION OF FRESHMAN MEN

Military Training

The University requires that every physically fit male student shall take two years of military training.

Exceptions:

I. Physical Unfitness. If you believe you should be exempt on this ground report to Dr. Cooke of the Student Health Department for examination and petition. If the petition is approved by him, present it at the office of the Dean of Student Affairs.

II. If you have attended another college where drill is not required, and have completed one or two full years of work, the Registrar's Office will give you a release from one or two years. In case of any irregularity in such cases make a petition for release and present at office of Dean of Student Affairs.

III. In case you have had previous Military Training in College, High School, Military School, National Guard, Naval

Reserve or United States Army, present a petition to the office of Dean of Student Affairs, giving a full statement of facts and credentials.

If for any good and sufficient reason you need to be allowed to postpone this training for any quarter, make the request on petition blanks, giving reasons, and present at office of Dean of Student Affairs.

Do not under any consideration fail to register for or attend drill unless you have attended to the matter in the Registrar's Office or that of the Dean of Student Affairs.

Edward E. Nicholson,
Dean of Student Affairs

COLLEGE OF SCIENCE, LITERATURE, AND THE ARTS

FACULTY COUNSELLORS FOR FRESHMEN

Any Freshman May Have the Help of a Faculty Counsellor

The college does not assign all freshmen to advisers in a routine fashion. Each student has an adviser for his registration. After that each instructor should be asked for advice regarding the work of his department.

For more general problems or personal difficulties which the student has to face a special group of faculty men and women are constantly at work under the leadership of Professor Donald G. Paterson. These are persons who undertake to give friendly help to any student in any matter which is causing him trouble. Living conditions, conditions for study, plans for future occupations, health, associations, and any and all sorts of things which may affect the student's work are proper subjects for these counsellors.

Students who desire the help of a counsellor are requested to come to the Office of the Dean in 219 Administration Building, where they will be given a special appointment.

J. B. Johnston, Dean

FACULTY MEETING

The faculty will meet in Room 301, Folwell Hall, on Monday, September 26, at 7:30 p.m.

All new members of the faculty, including assistants in charge of sections, are requested to be present.

J. B. Johnston, Dean

COLLEGE OF AGRICULTURE, FORESTRY, AND HOME ECONOMICS

All freshman students in the College of Agriculture, Forestry, and Home Economics are requested to be present, without fail, on Tuesday at the meeting in the auditorium of the Administration Building at University Farm as soon after 9:30 in the morning as possible. Take the Inter-Campus car immediately after the first hour lecture on Tuesday, to University Farm and proceed immediately to the auditorium of the Administration Building. Important notices as to the program for the rest of the week will be made at this meeting.

A special box luncheon has been arranged for Thursday noon of Freshman Week for all of the freshmen in the College of Agriculture, Forestry, and Home Economics, the faculty, and assisting upper-class students. Tickets for this luncheon should be purchased at the Tuesday morning meeting.

E. M. Freeman, Dean

MEDICAL SCHOOL

SCHOOL OF NURSING

Arts and Nursing—5-Year Course Students

Miss Vannier, Director of the School of Nursing, will hold the following office hours for five-year students who wish to consult her in regard to their programs:

Tuesday, Sept. 20—9:00 to 12:00

Thursday, Sept. 22—9:00 to 12:00

Friday, Sept. 23—9:00 to 12:00

1:00 to 5:00.

Section 5—School of Nursing Freshmen

The time for program making for Nursing students has been changed from Thursday, Sept. 22, at 1:30 to Friday, Sept. 23, at 9:30 a.m. The physical examinations scheduled for that time will be held earlier in the week.

SCHOOL OF MINES AND METALLURGY

The School of Mines and Metallurgy offers four-year technical courses leading to the engineer's degree in mining, geology, petroleum, metallurgy (chemistry applied to the art of extracting metals from ores) and metallography (the scientific study of metals and alloys). Graduate courses are also offered leading to the degrees of master of science and doctor of philosophy.

All students who desire information concerning the work offered by the School of Mines and Metallurgy and its relation to the industries and the professions are cordially invited to confer with any member of the faculty at the students' convenience and

to attend a meeting to be held in the School of Mines Building, Room 108, at 9:30, Thursday, September 22. Moving pictures and lantern slides will be used for illustration.
