Sue Johnson: *The Alternate Encyclopedia*

Tweed Museum of Art, University of Minnesota Duluth

January 27 - March 28, 2004

6:00pm January 27- Art & Design Lecture Series presentation by Sue Johnson. Exhibition opening reception following presentation. Both events are free and open to the public.

Taking its cues from illustrated "books of knowledge" which organized images and text around generalized areas of human inquiry, *The Alternate Encyclopedia* wittily examines our way of picturing, describing and archiving nature by combining Johnson's own deftly executed prints and paintings with natural history specimens, manufactured goods, toys, decorative housewares and found imagery. ***"Ironic and humorous, nostalgic and documentary, the interwoven network of artworks and objects that comprise the Alternate Encyclopedia reflect past and contemporary ideas about wild and tamed nature."***

- Sue Johnson
