VOLUME 1, NUMBER 1

UNIVERSITY OF MINNESOTA
MINNEAPOLIS, MINNESOTA

This issue marks the beginning of a much-needed communication from the NAC. We will try to inform you of what facilities we have to offer and of documents and services available. If you have any comments or suggestions for future issues, please contact Mrs. Carolyn Carlson, 215 Exp. Eng. or call her at 373-4886. Please see last page for information on mailing list.

ANNOUNCEMENTS

From time to time the NAC offers various orientation lectures or courses. These will be announced in our Newsletter, or by a circular to our mailing list.

The Numerical Analysis Seminar will meet weekly on Thursdays at 2:15 p.m. in Room 104 Mines Building. For further information, contact Dr. Leavitt, Ext. 5753.

The Hybrid Computer Seminar will meet weekly on Tuesdays from 3:15 to 5:00 in Room 227 Main Engineering. For further information, contact John Munson, Ext. 5757.

The University has purchased a Control Data 6600 computer which will eventually be installed in quarters in the former NSP Computing Center on Highway 280. At present we are running some programs on the 6600 at CDC in Arden Hills.
