

# THE MINNESOTA DAILY

VOL. XIII. NUMBER 47.

THE UNIVERSITY OF MINNESOTA, THURSDAY, NOVEMBER 23, 1911.

FIVE CENTS THE COPY

## BOARD OF CONTROL WISHES MORE STUDENT OPINION

Appoints Committee To Receive Students Views—Track and Football Men Depart.

The Board of Control met yesterday at four o'clock in the Law building. It was decided to send 36 men to Urbana for the Illinois-Minnesota game. The team left last night for Chicago where they will stay until some time today. They will then go to Bloomington, Ill., for a light practice, arriving in Urbana in time for the game.

The cross country team will be sent to Iowa City. They also left last night. Dick Grant intends to run the men over the course and will choose the five best men from the six who were sent.

After deciding upon these matters the Board of Control proceeded to the most important part of the meeting—the consideration of our future relations with the conference, and in particular with Wisconsin. The conservatives decided that the sentiment had not yet sufficiently crystallized to warrant decisive action, and the conservatives won.

Considering the action of the Rooters' Club as a blowing off of the safety valve of student sentiment, it was decided to leave the matter open for future and more mature reflection. As an evidence of the purpose of its alumni to get the matter of "Stagg" domination settled once and for all, the Board was invited by the alumni to attend the dinner at the University Club parlors. After the dinner, the questions which have so deeply stirred the students and alumni of Minnesota, were brought up and were threshed out.

A committee consisting of Bert Page, alumnus, chairman; Geo. Belden, alumnus; Tydeman and McBean, students, was appointed to receive all petitions from students and alumni. In addition to this it is to investigate every phase of the question and give a thorough report to the University Club next Tuesday evening.

The sentiment of the Board seemed to be that we should stay in the conference, provided the present evils, in the form of rules, can be eliminated.

## AGGIES N NEED OF ARMORY

Governor Eberhart and Board of Regents Will Try To Get Hippodrome.

The Board of Regents are working hard to get an Armory for the Farm College. Some years ago a petition was sent to the legislature for an appropriation of \$50,000 for such a building. However, it was dropped.

Then Mr. Hayes, the University Controller, attempted to obtain the Hippodrome for a year. It seems the offer was made too late. The building had been leased for a skating rink. As a result, the Board of Regents have asked Governor Eberhart to put the affair in the hands of the attorney-general to investigate if such a contract can be broken.

## FRESHMEN WILL HOLD GET-TOGETHER ON SATURDAY

Plenty to Eat Spiced With Toasts From Representative Freshmen Should Attract Many.

Working overtime, a few of the enthusiastic freshmen have been trying to get their classmates interested in the freshman spread, to be held in the Armory Saturday evening. There is not as great a demand for tickets as there should be. The girls' gymnasium will be reserved for the tables, upon which the eatables will be placed, and the large floor will be used for dancing. Music will be furnished by a first class orchestra.

For those not interested in dancing the arrangement committee will offer an entertainment which is very original in its nature, and includes everything from "a marathon race" to "an aeroplane flight." The freshman class will be hosts to the deans of all colleges. A representative of the freshman class from every college will respond to a toast.

As this is the first attempt that any freshman class has made for several years to have a spread, it should be supported by the first year men of all colleges, so as to make it a great success. All freshmen are urged to attend. Tickets may be purchased in the postoffice for seventy-five cents any time today.

## JUNIORS BANQUET TONIGHT

Shevlin Will Be Given Over to Juniors—President Vincent Will Speak.

Gopher specialties and headliners will furnish the entertainment at the first all-junior spread, which will lighten the atmosphere of sedate and dignified Shevlin tonight. The entire plan of the affair will be in accordance with the year book, the principles divisions of the Gopher being used as toasts and the decorations (so rumor has it) are to be several cages full of live, ferocious and unmanageable gophers, captured by Edgar Zelle in the wilds of New Ulm.

President Vaughan will act as toastmaster, and the following will respond to toasts: Wilma Reed, "Snapshots"; Herbert J. Burgstahler, "University Year"; Emily Simmons, "Organizations"; and Jim Baker, "Feature." President Vincent has consented to give a short talk, the subject of which he will divulge later.

Rooter King Ted Anderson has recruited a Gopher quartette, which has a large number of choice limericks, featuring more or less notorious juniors. Miles McNally will be the deep thunder, "Bull" Durham, the strong wind, Bill Hodson, the gentle breeze, and Ted Anderson, the faint Zephyr.

Those in charge of the general arrangements have provided an introduction committee to look after timid and bashful men. They will see to it that all meet the so-called scintillating lights of the class. Progressive games of a varied nature, dancing and a brilliant vaudeville program will conclude the excitement of the evening.

## "THE MAGISTRATE" WILL BE GIVEN IN CHAPEL DEC. 7

Robert Wilson, Myrle Wheeler and Harrison Fuller Have Leading Parts.

The Dramatic Club will put on "The Magistrate" Thursday evening, December 7th. Director Holt was unable to secure an open date at any of the downtown theaters before Christmas, so the play will be staged in chapel. Rehearsals are being held daily and the cast is being rounded out in fine shape. Robert Wilson, Myrle Wheeler and Harrison Fuller, members of the club who have been in former productions, are carrying the leading parts in the present production. Miss Schisby, a new member, is said to be handling her role in excellent style. Tickets will be issued soon and are to be had from all members of the cast.

## ROOTERS SEE TEAM DEPART

Rooters' Club Has Bonfire and Mass Meeting Before Going To the Train.

Something new and spectacular was staged last night on the drill grounds. The Rooters' Club had some twenty old oil barrels heaped up in the center of the grounds, and while these burned, the students danced around it and sang songs. As the walls of the old buildings echoed back the last yell the crowd departed for the union station to see the team off to Illinois.

Perhaps a more widely enthusiastic bunch never saw a championship team off. At first there was some confusion about the trains, but several minutes before the train pulled out, the students found the car containing the team. Immediately a cry went up for "Rosie." As the train shed re-echoed to the shouts of his name, "Rosie" appeared and said, "Boys, we are going to miss Captain Pickering, but we are going to win in spite of his loss." Before any of his teammates could be summoned the train left, followed by the shouts of the students and the music of the band.

## "RED HEADS" FORM CLUB

Only Red-Headed Students Are Eligible—Fourteen Charter Members.

After years of fruitless attempts to organize the college "red-heads," Minnesota has at last succeeded in establishing a red-headed club which promises to be a permanent organization.

After due consideration, fourteen charter members have been selected, and, after a meeting next Monday, several new members will be admitted. A patron saint will be selected.

The charter members are Lynn McMahon, Jean Russell, Francesca Winterer, Marjorie Atwood, Nan Erown, Edith Current, Helena Fitzsimmons, Seiforde Stellwagen, Ben Webster, Robert Jones, Edwin Fogue, Eugene Bibb, Charles Stone, Larry Boyle.

## STUDENTS HEAR BOTH SIDES OF CONFERENCE TROUBLES

Conservative Element Uppermost—As Yet No Decision Has Been Reached.

"If the other colleges in the conference will play fair, we'll play with them; if not, we'll play without them." This statement, made by Frank Force of the Tribune at the mass meeting yesterday, expresses the general spirit which prevailed. This idea was incorporated, more or less, in the talks made by Dr. Williams and the various members of the student body. Minnesota has a right to demand a few things from the conference. Among them are renewed relations with Michigan, and a modification of the summer baseball rules. The sentiment toward Wisconsin seems to be, "Let us retaliate on the football field."

President Vincent conducted the exercises which preceded the mass meeting and discussed, very briefly, the Yale-Princeton game. Then George Gamble took charge of the meeting and introduced Coach Williams, who was greeted with cheers and applause.

Dr. Williams spoke as follows: "We are facing a very vital athletic situation. Three issues have presented themselves in which we are very deeply interested; the renewal of relations with Michigan, the necessity of abolishing certain conference rules, and the widespread discontent with Wisconsin.

"As for Michigan, it will not be necessary to break with the conference in order to bring about friendly relations. Michigan kept out of the conference in the first place because she needed a training table and because she would not refuse to play with Eastern colleges. If we can do away with these absurd rules, Michigan will be glad to come back.

"We ought to face certain facts in regard to conference rules. None of the universities live up to the summer baseball rule. It is ridiculous to expect them to. We force our football men to tell untruths. There ought to be nothing unreasonable in the conference rules. We should insist upon a revision of these rules.

"As for Wisconsin, the students themselves are friendly to us. They were not directly instrumental in the protesting of Pickering. Wisconsin is a natural rival of ours, and we should not act hastily where an unpleasantness with them is a possibility."

Dr. Williams was asked to give his opinion of the condition of the field where last Saturday's game was played. He said that there did not appear to have been any effort made to keep it dry. The Wisconsin men were prepared to play on it and had cleats on their shoes which gave them a foothold. The Minnesota men were not as well prepared. "As a result," said Dr. Williams, "Minnesota slipped all around, but Wisconsin did not slip so much."

Joe Carroll, secretary of the Athletic Board of Control, said that the students should make an expression of their opinions, and then the Athletic Board of Control should see continued on page 4.

It is safe to say that without great activity on the part of the student body the next session of the Western Intercollegiate conference will close leaving Minnesota in her present deplorable situation, the victim of the machinations of a wizard.

The matter is not in the hands of the University authorities, but the student body has ultimate authority, if they choose to wield their power. In case of the failure of the University authorities to take adequate action, the Board of Control, composed of representatives of the students, will have a chance, and in case of their failure, the matter will be referred ultimately to the students themselves at the next election.

Minnesota knows what she wants. Dr. Williams put the essential matters before the students yesterday. He also emphasized the fact that the way to get them was to send the proper man to the conference as Minnesota's representative. This leaves the matter for the present up to those who choose the delegate, and, from appearances, this body is unwilling to take any decisive action.

It might be well to remind everyone that the time is very short. To save a great deal of trouble and unpleasantness, proper measures should be taken immediately; in short, a suitable man should be chosen as soon as possible who can represent Minnesota at the conference without betraying our interests. We would not have to look far to find such a man. There are some of the men who hold the present situation in their hands, however, who see little evil in the present situation. It rests, then, with those who intend to have a change, to impress the doubtful ones with the earnestness of our desire. Once matters get through the conference, the work of straightening them out will be much harder. The time for our activity is the present.

A new, or rather forgotten theory of representation was sprung at the mass meeting yesterday by a member of the Athletic Board of Control. With the passing of the feudal system and the theory of the divine right of kings, went the idea that the legislators of a country were the rulers. In its place, the theory that the representatives of the people received their powers from the people, grew up. It was then somewhat surprising to be told by a member of

the Board of Control that the students have no right to know what he stands for, and that he will do as he pleases without consideration for anyone. We would suggest that the gentleman in question study modern political theory. It might be that a little more feeling of responsibility to their constituents on the part of our representatives would produce salutary effects.

The Student Council of the University of Minnesota, as the interdepartmental council is called, will put the colleges of the University on a different basis of relationship than the one which they are now on.

The students of one college will from now be equally represented in all student affairs which assume an interdepartmental character. Whatever has been attempted in the past, with one or two notable exceptions, has been carried out by the college most deeply interested. This condition has proved an unhappy one and has produced unfavorable results.

With the earnest co-operation of the students of all the colleges in the matter of this council, relations will be changed. Each college and school will have that basis of interest and co-operation, representation. The constitution of the council pro-

vides machinery for a fair and adequate method of performing its duties, and will be able to initiate and superintend the affairs relating to the several colleges.

The constitution will be published soon, and put to a vote of the students. The purpose is to have the elections as soon as possible in order that the council may take up its duties for the year.

No measure of this kind could be forced upon the students. If it were attempted a most pitiful object would be the result. But the students are asked to give their interest and cooperation, which, if done, will produce a long desired relationship between the colleges of the University.

**A COMMUNICATION.**

At a university as large as Minnesota it is high time that an adequate representative organization was formed to include all the students, professional as well as academic, freshmen as well as seniors. The idea of an all-University Students' Council seems to meet the requirements and to elicit very favorable comment. There has grown up an unfortunate college spirit as distinguished from the University spirit, in which the academics rather patronize the professional schools and the professional schools hold aloof. It has come about because the academic organizations have the time and energy to start movements and others have to follow, or stay out. Since the others have no hand in the undertakings, they do stay out and the unfortunate separation results. The University Council should, and can, remedy this condition, because it will be the organization to start any undertakings and will be so represented that every school and college will be personally interested.

A Dent.

The men of Washington University have adopted a resolution that no co-ed shall be allowed to wear a hat more than eighteen inches wide to any lecture course earlier than one o'clock.

Plans are being considered for new fraternity houses at Northwestern. They are to form part of a model campus and their architecture has been carefully worked out with this in view.

**STUDENTS EXPRESS OPINION.**

continued from first page.  
that it reaches the Faculty Council. We were mistreated in the recent disturbance, and as a method of retaliation we should cut Wisconsin from our schedule. As they have only two big games scheduled for next year, and our game is one of them, such action on our part would hurt them deeply. Mr. Carroll referred to the baseball rule as a farce. He said we should formulate a request that certain rules be struck out of the conference and we should insist that this request be treated with the respect it would deserve, coming from a school that should be dictator.

As a representative of the Academic College, Allan McBean said, that the conference had certain desirable points; that the faculty, as our representatives, did their best, but that it was too conservative. We "Get these rules struck out or get out of the conference." He advised an appeal to our faculty representatives, and if this is not effective, a refusal to schedule games.

Mr. Mentzer of the Department of Medicine, refused to express his opinions, saying that he thought the matter worthy of consideration.

Mr. Force, of the Tribune, said, "Let any change which is made be for Minnesota and not for the conference." He advised regard for the opinions of the faculty. He agreed with the others that we ought to stay in the conference if we can get a revision of rules effected. As for Wisconsin, he recommended taking it out of them on the field.

**DIOGENES' LANTERN**

Vague rumors are circulating to the effect that prominent red-haired people at Minnesota are drawing up tentative plans for a "red-headed" club at Minnesota. This club will apply to the original "red-head" chapter at Chicago for a charter, vouching for the Minnesota club's admission into the newly formed "red-hed" fraternity.

The following communciation was received yesterday by Diogenes: "Dear Diogenes: Knowing you to be an authority and an honest man, I would like to ask you for some reliable nostrum which will grow red hair and even tempers. Signed, A. Brunette."

Diogenes wishes to reply that the red-haired club is undoubtedly worth joining. According to one of its future members, all bald people who formerly had red hair will be eligible. You should use any modern hair tonic for a few weeks and then tell the eligibility committee that you formerly had red hair.

**Notice.**

All football men who played on Johnson's and Sig Harris' teams and who were excused from drill on that account, must report for drill this coming Saturday.

The football suits must be turned in at the office of the athletic manager the Monday after the Illinois game.

**SHAPER ATTENDS MEETING OF MUNICIPAL LEAGUE.**

Dr. W. A. Shaper returned Monday morning from Richmond, Va. where he attended the meeting of the National Municipal League. The meeting was held in the old Jefferson hotel, and was attended by delegates from all parts of the United States and Canada, the East having an especially large representation. The best paper read at the meeting was by Mr. Shepard of Boston entitled "The Thralldom of American cities."

Besides attending the meeting, Dr. Shaper visited the cities of Pittsburgh, Pa., Cedar Rapids and Des Moines Iowa., in which the Commission plan of city government is in operation, in order to study the working of the system.

**SOCIALISTS NOTICE!**
