VOLUME XIV

THE UNIVERSITY OF MINNESOTA, FRIDAY, JANUARY 10, 1913.

NUMBER 67

SPECIAL CHAPEL MUSIC.

Miss Briggs Will Play Beethoven's Pathétique Saturday.

Miss Maude Briggs will play the first movement of Beethoven's Sonata Pathétique in Chapel Saturday noon. This selection is considered by music lovers to be the most difficult, and at the same time the most beautiful of all of Beethoven's compositions.

Miss Briggs is well known among the musicians on the campus and is said to be an accomplished piano player.

FRESHMEN STUDENTS ENTER "U" AT AGE OF 20.36 YEARS

Average is Lowest in College of Science Literature and Arts With 19:38.

Highest Ages Are Found in Medicine and Law. Women Younger Than Men.

Students of collegiate grade, except those of the Graduate School, who entered the university in the fall of 1912, averaged 20.36 years of age. The average for the various colleges was lowest in the college of Science, Literature and Arts with 19.38, and was highest in college of Education with an average of 25.10 years. The average age of entrance to the school of Chemistry is but slightly higher than in the Arts, while those entering the Engineering college average about half a year older than in Arts and Chemistry. High ages of entrance occur in Law and Medicine as would be expected.

Average age of first year students on September 1, 1912, by colleges:

S. L. & A.	19.38
Chemistry	19.41
Engineering	19.91
Mines	20.15

ORATORS ENTER COMPETITION

Pillsbury Oratorical Contest Will Come in March. The Gale Prize is Offered.

The annual Pillsbury oratorical contest among upperclassmen for the Gale prize will come off this year in the latter part of March. This contest is the climax of forensic struggles in Minnesota and the winner is entitled to participate in the Northern Oratorical League, composed of several of the most prominent colleges and universities in the middle west.

The contestants who attain first, second, and third place win prizes of \$100, \$50, and \$25 respectively. This sum is presented by Mrs. Edwin C. Gale, one of the oldest patrons of the university. Any junior or senior of any college who has taken less than four years of academic work is eligible.

Professor Rarig of the Department of Oratory and Public Speaking, who has charge of the contest, wishes to confer with all students who wish to enter. Each participant may choose his own subject, and the oration must be typewritten and handed in before Friday of the second week in February.

Y M C A BEGINS CAMPAIGN IN INTEREST OF BANQUET

Annual Get-together Will Be Held at Dayton's Tea Rooms on Jan. 17.

Pres. Vincent and Dr. Jenks Among Speakers. "U" Quartet to Furnish Music.

The ticket sale for the University Y. M. C. A. annual get-together and banquet to be held at Dayton's Tea Rooms January 17th was started yesterday. Sixty men in charge of ten lieutenants assumed their duties as banquet boosters and ticket sellers at the first hour. The men believe that the banquet should be attended by all the men in all colleges, if for no other reason than that it is the only get-together for all university men that the college year affords. Attendance at the association banquets in the past has run from two to four hundred students.

The program for the evening includes a number of noted speakers and a variety of good musical numbers. Among the former will be President George E. Vincent, Dr. A. E. Jenks of the department of sociology, Dr. James E. Freeman, rector of Marks Episcopal church, Fred B. Snyder, '83, regent of University of Minnesota to succeed C. A. Smith, and Dr. John Walker Powell, university religious work director.

The university quartet, composed of Miles McNally, Mathew Crawford, Harold Van Duzee and Earl Balch will furnish most of the music.

ALUMNI TO HOLD REUNION

Graduates of Chicago University Now Living in Minneapolis Plan to Organize.

President Vincent Will Act as Toastmaster at Banquet in Leamington Hotel.

Alumni and former students of the University of Chicago in the Twin Cities have arranged for a reunion on the evening of Saturday, January 18th, at the Leamington Hotel. President Harry Pratt Judson of the University of Chicago is coming up especially for the occasion, and will head a delegation of about fifteen faculty members and their wives from the Midway Campus.

Pres. George E. Vincent of Minnesota who was one of the chief executive deans at the University of Chicago, will preside as toastmaster at the dinner, and he and Mrs. Vincent are planning an entertainment for the Chicago party. The fact that Pres. Judson of Chicago is so well known here, as he was on the faculty of the University of Minnesota, will lend further significance to his presence at the gathering.

There are a number of the faculty of Minnesota who are directly connected with Chicago either through having attended as students or thru having taught there. Most conspicuous of these are Dean W. R. Vance of the Law School; Prof. Albert E. Jenks of the Anthropology Dept; Prof. Jeremiah S. Young of the Dept.

Continued on page 3.

WILL TALK ON RECREATION.

Mr. Teller, of Chicago, To Give the Illustrated Lectures.

Mr. Sidney Teller of Chicago will deliver two lectures before the University under the auspices of the Department of Sociology, upon the 20th and 21st of January. His subjects "Indoor Recreation," and "Outdoor Recreation," will be illustrated with lantern slides. The lectures will be given in the Physics building at 4 p. m.

CHINA UNDERGOING GREAT PSYCHOLOGICAL CHANGES

Dr. C. A. Roy Tells Students of Changes Wrought by American Civilization.

Mongolians Have Only One Doctor For Every Million People. Missionaries Needed.

Dr. C. A. Roy, returned medical missionary from Shantung Province, China, gave a talk to the students in chapel yesterday on "Recent Changes in China." At present he is engaged in delivering lectures in the interest of the Students' Volunteer movement, after eight years of service among the Mongolians.

"China is undergoing a great psychological revolution," said Dr. Roy in his talk, "which is caused by the introduction of western civilization. The missionaries are in a way responsible, but the change would have come in spite of them. The recent political revolution has greatly altered the country, but the change caused by the American civilization has and will make still farther changes among the Chinese."

Dr. Roy told the students that he was the only doctor for the whole province with a one million population and that in all China with its four hundred million people there are not even four hundred doctors. He related some of his experiences with the Chinese who came to the hospital for treatment. He deplored the fact that there are so few medical missionaries in China

CHAPEL LECTURE SERIES

"Spiritual Factors in Social Progress" Subject for Tuesday Talks by Dr. Powell.

On Tuesday, January 14, Dr. Powell will give the first of a series of lectures on "Spiritual Factors in Social Progress." These addresses, which will be given at the regular chapel hour Tuesdays, will continue through January and February.

In these lectures Dr. Powell will present some of the aspects of current problems which are most frequently overlooked. His subjects are as follows:

Jan. 14—The Spiritual Basis of Progress.
Jan. 21—Social Consciousness.
Jan. 28—Social Forces.
Feb. 4—Anti-Social Forces.
Feb. 11—The Social Law.
Feb. 18—The Social Spirit.
Feb. 25—The Social Message of the Church.

GOPHERS WILL MEET HEAVY HAMLINE QUINTET TOMORROW

Midway College to be Well Represented at the Game. Admission 25 Cents.

Minnesota Team Expected to Hand Back the 30-15 Defeat Delivered Before Vacation.

The surprise handed out to the varsity basket ball squad in the game with Hamline just before vacation, in which the visitors piled up a score of 30 to 15, is not to be repeated if the thorough practice Doc. Cooke has been giving the team is to count for anything. The Maroon and Gold team will have a chance to retrieve itself Saturday night, Jan. 11, when they will be pitted against the heavy Hamline five. Though this game will have nothing to do with the conference outcome directly, it will show Minnesota the quality of her basket ball team.

Admission for Saturday's game will be 25 cents. Hamline expects to bring down the greater part of her student body to see the game. If they win, no slight prestige in the state college league in which they stand high will accrue to them. Minnesota students, on the other hand, may obtain an introduction to the basket ball five which will represent them in the race for 1913 championship honors. Minnesota's defeat in the last game was attributed to poor passing and weak team play. The team has been thoroughly drilled on these points, and whether these weaknesses have been eliminated will be shown Saturday night, when it meets the heavy delegation from St. Paul.

The varsity lineup has already been published. The Hamline representatives are as follows:

Right forward	Swanson
Left forward	Jacobson
Center	Blume
Left guard	Little

MINNESOTA IN RIFLE SHOOT

Big Western Universities in Battle For Championship Honors in Shooting League.

The Western Intercollegiate Shooting League starts its annual contest this week when matches will be played by each team in its own gallery. Minnesota has a strong team but teams of championship calibre from the universities of Iowa, of Purdue, of California, and of the State College of Washington have entered the matches. Two colleges only at a time enter the contest. Minnesota meets Nebraska as her first rival and the members of the home team expect an easy victory.

Each team is composed of ten men. Each member shoots ten shots while standing and ten shots while prone at a target placed fifty feet away. The five highest scores count. Results are wired immediately to the opposing team.

After Nebraska is met, Minnesota shoots with the other universities in the same manner. By elimination the championship is awarded to the team shooting the highest score.

YE COLLEGE EDITOR.

The life of ye college editor is a joyous one. Indeed yes; it's a cinch. Why, all that a fellow has to do is to approach the typewriter confidently, sit down before it and bang away, praise and censure every activity in a manner that meets the approval of all.

There's the faculty—ye ed must pat the faculty on the back in one paragraph and lampoon it unmercifully in the next and all the while speak as though nothing else was true.

Ye ed must pacify "Indignant Subscriber" and wheedle "Contributor" into the belief that the only reason that his poem wasn't used on the front page is because news was so plentiful. And when a poem is used, there is a joyous occasion in the office when 18 communications arrive, that tell how rotten the paper is and ask if the editor was feeling bad the day that the offending article appeared.

Ye ed gets the blame when the circulation department is bum and the paper isn't delivered regularly. The circulation manager has a continual grouch because the paper was late and missed the mail. All the fault of ye ed.

But here's the rub—the students demand humor—levity—anything but serious articles such as ye ed is capable of producing. There's the strain. A continual effort to write something bright, something to cause a smile. The pity of it all is that everyone hasn't such a highly developed sense of humor as the writer. Consequently his best paragraphs are lost and called inane.

On festal holiday occasions, when other students are enjoying life hugely and indulging in their natural laziness, ye ed must buckle down to work and grind out copy like this.

All the above could be passed over without a murmur. The bane of ye ed's existence is the eligibility committee. For however strange it may sound, fifteen hours work must be carried which means that once in a while ye ed must ease his wearied brain with study. If you don't believe it, just ask the E. C.

—Daily Kansan.

Girls Plan Cross Country Walk. Efforts are being made to arrange a cross country walk for the Univer-

sity girls, led by one of The Trailers, for Saturday afternoon, Jan 11. Further information will be given soon in the Daily, and will also be posted on the bulletin board in Shevlin.

EXTRA CREDIT FOR WOMEN

Dr. Norris Thinks That Many Games Will Thus Become Popular Soon.

Doctor Anna Norris has brought the subject before the University Curriculum Committee of giving college credit to all girls who enter walking, dancing, hockey or baseball classes.

No credit will be given this coming semester, however, tho it is believed that next year a rule will be effected whereby girls may not consider such activities a loss of time. A very limited number have registered for these courses this year. Doctor Norris believes that if credit is given the girls will show more enthusiasm.

Shevlin Scene of Many Parties.

From September 20th to December 20th, 1912, the records show that one hundred thirty-five parties to which both men and women were invited, were held in Shevlin Hall. This is contrary to certain rumors stating that university building in general lay idle too much of the time.

UNIVERSITY NOTICES

Engineers Hear Mr. Gerrish.

Mr. Gerrish of the firm of Gerrish and Morgan of Minneapolis, gave a lecture yesterday afternoon before the post senior Mechanical Engineers upon the subject of Heating and Ventilation. After dwelling upon the opportunities that are open in that field of work for engineers, Mr. Gerrish described the systems in vogue. His explanations were clearly brought out by the aid of a large number of lantern slides.

Campus Organizations—All fraternities and organizations that desire to have their pictures in the Gopher should have their pictures taken before the end of this month.

Students—The Gopher is desirous of obtaining a number of pictures for the athletic department. Anyone who has any group, team, or individual pictures relating to athletics is requested to turn them to the Gopher Hole or Box 1614 at once. Prints will be returned if so desired.

Triangle Club Give Dance.

About eighty couple attended the Triangle Club dance given last night at Mrs. Noble's new dance hall. The club is composed of freshmen fraternity men.

UNIVERSITY CALENDAR

Friday, January 10th.

11:40 A. M.—School of Agriculture Chapel Assembly. Address by Dr. C. O. Merica, Superintendent State Training School at Red Wing. Assembly Room, University Farm.

12:00 M.—Y. W. C. A. Weekly Meeting. Address: "The Work of the City Association Among the Factories of Minneapolis," by Miss Harriss. Shevlin Hall.

Saturday, January 11th.

11:40 A. M.—School of Agriculture Chapel Assembly. Address by Mr. John Sinclair, of the Wells-Dickey Company, Minneapolis. Assembly Room, University Farm.

12:00 M.—University Chapel Assembly. Special Musical Program. The Chapel, Library Building.

8:00 P. M.—Y. M. and Y. W. Reception to New Students. Drill Hall, University Farm.

ALUMNI TO HOLD REUNION.

Continued from Page 1.

of History and Political Science; and Prof. Anthony L. Underhill of the Mathematics Dept. Amos Alonzo Stagg, of Chicago, will probably attend the gathering.

Besides the alumni and former students of the University of Chicago located in Minneapolis and St. Paul, representation is expected from various towns around the state. The object of the dinner gathering, aside from the immediate pleasure it will afford, is to form a permanent University of Chicago Alumni Association for the State of Minnesota.

It is expected that President Judson will speak to the students in chapel at noon on Sat. Jan. 18.

Missouri—The engineering department of Missouri is organizing an employment bureau for its graduates. There are now 850 alumni, and in order to help every man who graduates from the school, to obtain a good position, the Dean of the College is perfecting a system for keeping in touch with all of them.

Bethany College—A woman instructor in Bethany College was dismissed from her position because her beauty was considered too attractive to young men under-graduates.

Columbia—By defeating Princeton by a score of three to two in the final matches of the Intercollegiate Chess Tournament, Columbia won the championship

OVERSEE INSTITUTION FARMS

Agricultural College to Begin Efficiency Training With Feeble-Minded School.

Plans for expert supervision of farms operated by state institutions by the farm management department of the state agricultural college are being made by Professor Andrew Boss at the school and the first direction of state farms will be installed at the school for feeble-minded at Faribault. Professor Boss and F. A. Cornica, a post graduate student, has completed a survey of the farm at Faribault, comprising 1,040 acres, and will prepare a schedule to be installed. The survey was made at the request of Dr. A. G. Rogers, head of the institution, and the scientific farm methods will be placed under the personal direction of Mr. Cornica.

The farm management department, according to Professor Boss, will undertake to supervise personally the methods of farming on all state farms operated by state institutions with the idea of installing business methods that will increase production and save the cost of labor and management. The plans will also be offered to boards of county commissioners in the management of county farms and, if the scheme is successful, the department within a few years will direct the farm methods of more than 150 farms in the state operated by taxpayers as a means of support of some department undertaken by the state or county.

"We will commence by taking over the farm at Faribault," said Dean A. F. Woods, "then begin on other farms as we have requests. Three years ago the farm management department was asked to take personal direction of the farm operated by St. Louis county. At that time the farm was run at a loss and did not produce more than half enough to supply the table. During the last two years, the farm has made a profit and furnished milk, butter and vegetables for the table, and practically enough hay and grain for the stock. The supervision of the farm was under direction of the extension department with an occasional visit of Professor Boss or Dean T. L. Haecker of the dairy department."

FRESHMEN STUDENTS ENTER "U" AT AGE OF 20.36 YEARS.

Continued from Page 1

Agriculture	20.38
Dentistry	21.35
Pharmacy	21.99
Law	22.09
Medicine	23.06
Education	25.10

It is interesting to note that the older the average age of entrance, the greater the variation in ages, with one exception, that of the Law School, where the entering men are nearer of an age than in any college outside of Arts and Chemistry.

The difference in the average age of freshmen men and women in this connection. Women averaged 18.90 years on September 18, 1912, and men, 19.73 years, a difference of .83, or about ten months. The number at each age of men and women in the present freshman class (Arts College) is given below. The ages in this table are computed for Jan. 1, 1913, instead of Sept. 18, 1912.

Age	Men	Women
From 15 to 16	1	0
16 to 17	2	3
17 to 18	18	29
18 to 19	69	89
19 to 20	73	80
20 to 21	52	23
21 to 22	20	13
22 to 23	17	4

23 to 24	5	2
24 to 25	4	0
25 to 26	2	2
26 to 27	4	1
27 to 28	0	1
28 to 29	1	0
29 to 30	2	0
30 to 31	0	1

In the younger age classes, the women are predominate. Not until the age group 20 to 21 does the number of men exceed the number of women, but from there on, the men predominate. There are more women between the ages of 18 and 19, i. e., in their 19th year, than of any other age; there are more men between the age 19 and 20 than at any other age.

On account of the entrance of older students to advanced standing, and the dropping out of the younger and more poorly prepared students, it would be expected that the average age of each class would be slightly more than a year greater than that of the next lower class. This is the case with one exception, that of third-year students, whose average age is not quite one year in excess of the average age of sophomores. This is very likely due to the dropping out of older students at the end of the sophomore year either to enter professional schools or to leave college for good.

On Commencement Day, June 12, 1913, the average age of the present academic senior class will be 23.6 years.

TRANSLATE BOHEMIAN TALE.

Extension Course Proves Instructive To Foreign Students.

The evening class in the Extension Department of the University is engaged in reading and translating a book entitled "A Kiss" written by a woman, Kar Svetla. This story deals with life in a mountain village in Bohemia. While this woman is the author of over a hundred tales of love and strife in this little European nation, only one, Maria Felicia, has ever been translated into the English language. Mr. John, the instructor of the class, has set the students to work upon the translation of this story, "A Kiss." The students are unanimous in their praise of the work.

Skating at the Hippodrome.
Arrangements have been perfected whereby women students may purchase season tickets for the Hippodrome Skating Rink (good for the afternoon only) for \$1.00, if they pres-

ent to the management of the rink a card from Dr. Norris. Dr. Norris will be glad to take parties of girls to the rink on Thursdays and Friday afternoons, leaving the Women's Gymnasium at three o'clock.

Write Ideas For Motion Picture Plays!
YOU can write photo plays and earn \$25. or more weekly
WE WILL SHOW YOU HOW

If you have ideas—if you can *THINK*—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

You will earn \$100. monthly for spare time work.

FREE Send your name and address at once for free copy of our illustrated book, "Moving Picture Playwriting."

Don't hesitate. Don't argue. Write *now* and learn just what this new profession may mean for you and your future.
