

# U Scraps Plans; Will Use Nicholson Hall in Spring

Prompt use of Nicholson hall, the former men's Union, for classroom and office purposes was announced yesterday by President J. L. Morrill.

Indefinite postponement of plans that originally had been drawn for use of the structure has been made necessary by the expected increased enrollment this spring and prohibitive remodeling costs, President Morrill said.

By utilizing the building without remodeling beyond a few temporary partitions, 17 classrooms can be made available, adequate to seat 1,400 students at one time, and office space for more than 30 staff members will be provided, he said.

In elaboration of President Morrill's statement, Malcolm M. Willey, vice president in charge of academic administration, indicated that original use of remodeled Nicholson hall contemplated moving the departments of political science and sociology to the building, together with the offices of the General division and the Folwell hall bookstore.

Space also was assigned to University Theater for rehearsal and scene-building purposes. In the revision of plans, the Extension division and the bookstore still will move, and the work space for the Theater will be utilized.

"Funds appropriated by the legislature for remodeling are, in the light of rising prices, only half of what the proposed changes would cost on the basis of bids received for the work," Willey said.

"Since there seems to be no possibility the work as originally planned could be done in the immediate future, it was felt that steps should be taken at once to utilize the space in the building," he said.

Willey further pointed out that in adapting the building to instructional purposes no significant structural changes are involved. "We shall use the main part of the building essentially as it is except for some necessary painting and a few temporary partitions."

Some of the space will be usable with the opening of the spring quarter, but how fully the work can be completed depends upon the availability of materials and labor, according to William F. Holman, University supervising engineer.

In addition to the classroom space, Willey also stated that one large reading room will be opened in the building.

## Celebration May 10

### Gerald Bush Chairman for Engineers' Day

Chairman for the Institute of Technology Engineers' day, May 10, will be Gerald Bush, Technology junior, it was announced yesterday.

Bush assisted in the planning of the Engineers' days in 1942 and 1943 and was also chairman of the 1943 Engineers' Brawl.

Events now being planned include a parade, field day, queen, exhibits, button sale and a St. Pat.

The Coca-Cola spot-lite band program is being negotiated for to be staged at the wind-up affair, the big dance which may be held in the Minneapolis armory.

### Tickets for All-Campus Dance on Sale in Unions

Tickets are on sale in the Ag Union director's office and at the Coffman Memorial Union information desk for an all-campus dance from 8 p.m. to midnight Friday in the Ag gymnasium.

Bud Strawn's orchestra will play. Pat Haas and Mary K. Johnson, Home Economics juniors, are co-chairmen of the dance committee.

### Theologian Will Speak At LSA Meet Tomorrow

Dr. George Aus, professor of dogmatics at Luther Theological seminary, will be guest at the LSA meeting at 5 p.m. tomorrow in the YMCA Great hall. Subject of his talk will be "Emphasis in Christian Faith."

### Vets Fail to Register; May Cause Spring Jam

Unless more veterans take advantage of advance registration, the bureau of veterans affairs will face a worse jam spring quarter than it did during the registration period this quarter, Curtis E. Avery, director of the bureau, said yesterday.

At present only 2,200 of the 6,040 veterans on campus have registered, Avery said.

### Record Library to Close

The record lending library, 315 Union, will close for the quarter Friday when all records must be turned in by that date. The library will reopen Tuesday, April 2.

# Progressives Question Motives in Party Split

By George M. Kremer

The Progressive party, in a signed statement by 22 members of its executive committee, yesterday questioned the motives of former committee member Raeder Larson in breaking with their party and leading a newly-formed party.

Attacking Larson and his "invisible henchmen" for proposing an all-male slate to represent a student body which has a strong minority of women, the Progressives challenge him to name any other Progressives who have joined him.

The Progressive statement also points out that: Larson was once a Progressive candidate; the party is proud of its sorority and fraternity strength; present Progressive leadership is almost evenly divided between independents and Greek affiliates; it recognizes women's right to be represented on campus student government boards.

"The Progressive policy has been to elect strong candidates, capable of thinking for themselves once in office," the statement says. "We feel that by conscientiously serving on their boards, they best serve the Progressive party."

The statement denied that the Commonwealth party had been invited to consolidate with the Progressives, but said that leaders of the two parties have met to discuss such a step.

The executive committee of the Progressive party will meet at 7 p.m. tomorrow at the Gamma Phi Beta house. An open nominating meeting will be held at 12:30 p.m. Tuesday in the Union, when candidates will be interviewed and decisions made as to which candidates the party will support.

The Tech party nominating meeting probably also will be held Tuesday, Doree A. Most, chairman, announced.

Meanwhile, the newly-organized unnamed party seems to be suffering at present from lack of announced leaders, absence of definite party name, and want of a real platform.

Filing opens Monday at the student activities bureau, 213 Administration building, for the six main campus elected boards. Positions open are:

All-University council, eight vacancies, at least three to be filled by men; Union board, five for men and four for women; Business school board, two for women and six for men; and five each on the Arts Intermediary board, Education Intermediary board, and Board of Publications.

The Council elections committee will hold another meeting March 12 to explain the rules of campaigning to all who have filed.

### Dr. Marshall to Describe Fur-Bearing Animals

Dr. William H. Marshall, associate professor of economic zoology, will speak on Minnesota fur-bearing animals at 3 p.m. tomorrow in the Museum of Natural History auditorium.

He will consider the history of fur-bearing animals and their importance to early American life. He also will discuss their role in wildlife management. Films on beavers also will be shown.

# Russia Must Break With West, Accept Own Systems—Osusky

Russia must break with the West and accept its natural Eastern systems if it is to gain prosperity, Dr. Stefan Osusky, secretary of the Czechoslovakian delegation to the United Nations, said yesterday.

"Russia must be made self-sufficient economically," he said. "It is a new world called Eurasia, with special geographic, linguistic, cultural and political unities."

"Industries will be located where there are raw materials, and there are plenty of raw materials in Asiatic Russia. Russia has shown outstanding advances in industry in the past few years."

Russia's course in the future depends not upon Russia but upon the rest of the world, especially the United States, he said.

America will have to resort to multilateral trade agreements and must depend upon the UNO to help maintain good relations with Stalin, Dr. Osusky believes.

"This country is standing before a historical choice," he said, "If America takes the wrong course, it can expect nothing but bad from Russia and unpeaceful relations in the future."

This lecture was the final one in a series of three presented in Murphy hall auditorium by the department of concerts and lectures.

### Nier to Talk on Atom Legislation At AASW Meet

Dr. Alfred O. Nier, professor of physics, will speak on atomic legislation now pending before congress at 1:30 p.m. today in Murphy hall auditorium.

Dr. Nier's speech will mark the opening of an extension of activities and membership of the American Association of Scientific Workers.

"The extension of activities of the group is necessary because the social implications of science are greater now than they have ever been," Dr. I. M. Kolthoff, head of the department of analytical chemistry, said yesterday.

Extension of membership will mean enrolling more natural scientists and social scientists because of the importance of science to society, Dr. Kolthoff said.

Present membership of the association is about 65 according to Dr. Kolthoff. The group is an affiliate of the Association for the Advancement of Science.

# Series of Movies Will Be Offered

The General Extension division will offer an eight-week series of motion pictures at 7:10 and 8:15 p.m. Mondays and Tuesdays in Murphy hall auditorium starting this Monday, Huntington Miller, acting manager of KUOM, announced yesterday.

Programs will be made up of short travelogues, scientific and industrial shorts, sport and recreational films and longer documentary films as well as revivals of well-known motion pictures, Miller said.

"The program is designed to meet the needs of those who wish to spend an hour of relaxation but who must remain on campus," Miller said. "The double showing will permit persons to drop in at any time during the first hour and see the entire show."

The program Monday and Tuesday will consist of "Earth's Rocky Crust," "Arctic Thrills," "People of the Arctic," and "Cajuns of the Teche."

Admission fee will be 10 cents.

### Yippee Chi A

### Chi O Is Winner In Song Contest

Chi Omega sorority, competing against 18 other sororities, won the gold cup first prize in the Panhellenic song contest held yesterday in Northrop auditorium.

Delta Delta Delta took second place and Alpha Phi placed third. Alpha Gamma Delta won honorable mention. The sorority choruses sang either two sorority songs or one sorority song and one popular song.

Judges of the contest were Blanche Kendall and Allan Schirmer, associate professors of music, and Dr. Robert Winslow, associate professor of music education. Marilyn Jensen, Education senior, was chairman of the sing.

### Three Films to Be Shown

Three movies will be shown from 12:30 to 1:30 p.m. Monday in the Union main ballroom free of charge. They are "Exploring Space," "Greater Victory" and "Maple Sugar."

### Ag Wesley Foundation

Election of officers will take place at the Ag Wesley foundation meeting at 7 p.m. tomorrow at St. Anthony Park Methodist church, Hillside and Como avenue, St. Paul.

'Lear'-y Vets Switch From Army to Shakespeare

From "Hut-two-three" to "Oh, my lord and master" is no easy step to hurdle, but nine veterans now rehearsing for "King Lear" at the University Theater are taking the change in stride.

Shakespeare's play, at the University Theater for a five-day run, calls for much action and deep sonorous voices, but the language seems foreign to the boys after army slang.

Big, burly Robert Ryan, ex-infantryman, playing France, sheepishly admits that he even likes the costumes. "I felt kind of sissyish at first, but the colors are a welcome change after drab army uniforms."

After spending two years in the army, Oliver Osterberg, playing the role of Edgar, had to learn a new method of fighting—dueling with swords. "The army forgot that one," he says.

James McKeon, ex-army man playing the role of the fool, had nothing to say for publication.

Ag Union Employees To Hold Party Today

Ag Union employees will hold a party from 8 p.m. to midnight today in the Ag Union main lounge. Frances Peters will present special entertainment.

Each employe may bring one guest. The expense of the party will be prorated. In charge of arrangements is Margaret Nelson, Home Economics junior.

234 More Vets Enroll

Mid-quarter enrollment of veterans reached 234, Curtis E. Avery, director of the bureau of veterans affairs, announced yesterday. This brings the total number of campus veterans to 6,040.

CHURCHES Sermons, Activities

Administrative Notices NOTICE TO DEANS, DIRECTORS AND DEPARTMENT HEADS

Departments should submit promptly to the Inventory Department listings of capital items of equipment as well as lists of supply items received through donation by any agencies of the Federal Government before such items are put to use within the department. The listing should include complete description of the items, the original cost figure, if available, or an estimated valuation, the official release or SPOEC number, the name of the governmental agency releasing the article, and the point originating the shipment to the University.

L. R. Lunden, Comptroller.

NOTICE TO DEANS, DIRECTORS AND DEPARTMENT HEADS Purchase of Supplies, Equipment and Service

By Regents' action the Purchasing Agent is responsible under the direction and supervision of the Comptroller for the purchase of all materials, services and supplies for the University and the several colleges and departments thereof, purchase of which is not by law entrusted to any other board or officer.

In order to perform this function, the Purchasing Agent is authorized to accept only requisitions which have been certified as to available funds, to secure bids from responsible business organizations, and to issue official University purchase orders which alone can obligate the University as to quantity and price.

Individual University departments are

Old Time Dance Instruction Set For Next Quarter

Old time dance instructions will be offered spring quarter at the Ag Union if enough students respond to a questionnaire now being circulated on Ag campus.

The questionnaire asks students to indicate at what time and on what day they could attend the instructions, if they are willing to pay admission at the sessions and if they have done any old time dancing.

Mrs. Truman Nodland, whose husband is an instructor in Ag economics, would conduct the dance classes. Polkas, reels and square dances are some of the steps Mrs. Truman would teach.

Questionnaires may be turned in at the Ag Union director's office.

therefore not authorized to obligate the University. Confirming requisitions are manifestly improper, and their use must be discontinued. It is recognized that emergencies will arise and that it may be necessary on such occasions to expedite purchasing routine. In such instances, the Purchasing Agent should be contacted directly.

L. R. Lunden, Comptroller.

TO DEANS, ADMINISTRATIVE OFFICERS AND DEPARTMENT HEADS

The Board of Regents at its meeting on Feb. 15, 1946, took the following action: "Upon recommendation of the Civil Service committee and the President, voted to approve the following policy with respect to registration in the Graduate school by members of the Civil Service Staff:

- 1. That all courses be approved by the department head, dean or administrative officer, and the Director of Civil Service Personnel, due consideration being given to the needs of the department for maintaining its work.
2. That the courses be in a field of study related to the employee's present or prospective University position.
3. That course attendance shall not reduce the total working hours without payroll deduction.
4. That the program of courses shall not include more than six credits or six hours of class room lecture and laboratory."

Will you please see that the above notice is brought to the attention of your employees? It should be pointed out that the Regents' Scholarship plan will be continued in addition to the above plan but will be restricted to undergraduate work exclusively.

Hedwin C. Anderson, Director, Civil Service Personnel.

## New Orleans Symphony U Alumni in Orchestra

Close listeners to the "Orchestras of the Nation" broadcast at 2 p.m. today over KSTP may detect the violin and cello of two University graduates who are members of the New Orleans Symphony orchestra.

Margaret Tanquary and Sally Lee, both 1943 graduates in music, have been members of the orchestra since fall, 1944.

Miss Tanquary studied violin here with J. Rudolph Peterson, instructor in music, and Miss Lee with Frank Miller, first cellist of the NBC Symphony, and Claus Adam, former Minneapolis Symphony cellist.

Both were members of the University Symphony orchestra. Miss Lee was principal cellist, and Miss Tanquary was violinist and for a year was president of the orchestra.

Miss Lee also was first cellist of the national high school and college orchestra at the national music camp at Interlachen, Mich.

They were given contracts with the New Orleans orchestra by Massimo Freccia, conductor.

# U Five Closes Out Bad Year

By Don Grawert

The books will close on the most disappointing season in recent basketball history over the weekend as the Gopher five meets Iowa tonight and Wisconsin Monday on the Field house floor.

While previous Minnesota teams have finished with poorer conference won-lost records, few teams have begun the season with as much promise as the 1946 edition.

After a fast start in league competition, in which the Gophers took four straight, even the conference championship seemed within reach, but as the season progressed the rest of the teams in the loop improved noticeably while the Gophers remained stationary.

Tonight and Monday night the Gophers will receive their last chances to salvage some semblance of the promise they displayed earlier.

It is expected that the Gophers' best chance for victory will come against Wisconsin's basketballers, whom Minnesota beat in the league opener by the margin of a Tony Jaros free throw.

The Badgers, co-holders of the title of conference doormat with Chicago, have won one game while losing 10 and have failed to indicate in recent games that they intend to come out of their prolonged slump.

Iowa, on the other hand, will face the Gophers tagged as the favorite, mainly because of the apparent Minnesota defensive impotency.

The Hawkeyes will carry a three-inch per man height advantage over the Gophers, but because of the known rebounding ability of Carlson, Jaros and Ajax this may not mean too much.

It is expected that the same combination that led Indiana for the first half in last Saturday's game will open for Minnesota tonight. That would put Lou Brewster and Don Carlson at the forwards, with Tony Jaros at center and Warren Ajax and Ed Kernan at the guards.

Leading the Hawkeye effort will be the All-American high scoring duo of Dick Ives at one forward and Herb Wilkinson at a guard. At the other forward will be Dave Danner, with another Wilkinson, brother Clayton this time, holding down the pivot, and Ned Postels at guard.

## Jaros to Spurn Contract; Will Join Baseballers

Tony Jaros will join the baseball team early next week, it was learned last night in an interview with the cage ace. Jaros has not been able to come to agreement with a National league baseball club which has offered him a contract.

Jaros was a member of the famed E.T.O. All-star baseball team, playing first base and outfield. He was the only member of that team who had not previously played professional baseball.

"I'll take baseball in preference to basketball anytime," said Tony, giving as one of his reasons the fact that "you get a chance to sit while your side is at bat."

Several other members of the basketball team will join the baseball squad next week. The squad will then number about seventy-five.

The lack of indoor facilities forced head coach Frank McCormick to reduce the squad to forty-eight members. However, he stressed that the squad was being just temporarily reduced and that men who were asked not to report to the Field house on Saturday were urged to join the team when it moves outside.

The coaching staff, Frank McCormick, Dave MacMillan, Ed Burke and Bernard Wolcyn, will be able to focus all their attention on varsity ball since a freshman team will not be organized until next year.

## Rifle Team Hits Prewar Stride In Double Win

The Gopher Rifle team hit their prewar stride this week as they defeated Ohio State, 1807 to 1750 in a postal match, and St. Paul Cretin, 1819 to 1803, on the University range.

Demonstrating that time in the service did not harm their shooting eye, veterans Dave Roden and Al Brevig led the Minnesota scoring against the Bucks with 371x400 and 369x400, respectively. Again leading the score card in the Cretin match were Brevig with 375x400 and Roden with 374x400.

This year's varsity shows signs of standing up to the tradition set by Minnesota's famous prewar teams. When the sport was temporarily dropped at the end of the 1942 season, a winning streak that brought the school 11 consecutive Big Ten championships was interrupted.

No official conference champion will be named this year, but the Gophers seem to be a cinch for the unofficial title.

Captain Crain, coach, is still looking for men to bolster the squad for the remainder of the season. Anyone interested should contact Captain Crain at 106 Army.

# Tankers Play Host To Badgers Today

By Cliff Merriott

Competition this afternoon in Cooke hall between Minnesota's and Wisconsin's mediocre swimming teams will be overshadowed by the fact that the same water will be churned by the greatest aggregation of collegiate swimmers of the nation March 8 and 9 in the Big Ten meet.

The Gophers, with stellar performers Roger Ahlman and Bill Thorpe pacing the attack, should finish their dual meet season with a triumph over the winless Badgers.

Ohio State's powerful Buckeye tank squad made themselves heavy favorites to remove the title from Michigan's perennial champions as they trounced the Wolverines, 57 to 27, in a dual session last Wednesday.

Coach Mike Peppe will lead his Bucks into Minneapolis with a record of eight straight wins this campaign. Included in the list of stars on the Buckeye roster are Hilo Hirose, sensational dash man; Jack Hill, undefeated 220 and 440-yard star; Jim Counselman, outstanding backstroker, and divers Ted Christakos and Miller Anderson.

In the Michigan meet Hirose swam the 100-yard free-style in 52 seconds flat to shade the conference record of 52.1 set by Sharemet of Michigan in 1940.

Minnesota's backstroke sensation, Roger Ahlman, and Dick Maine of Iowa are expected to put on a terrific race in the 150-yard backstroke event.

## Kappas Take First Round Cage Title

Kappa Kappa Gamma rolled over Alpha Xi Delta, 31-12, in Norris gymnasium Thursday afternoon to claim the first round title in the sorority basketball league championships.

Another Thursday game found Alpha Omicron Pi forfeiting their scheduled match to the Pi Phis.

The tournament is being played among the top eight teams in the round-robin preliminary games and the championship game will be played on Thursday.

Monday's games will find Kappa Delta meeting Delta Delta Delta and Zeta Tau Alpha will play Delta Gamma.

Teams playing in the tournament are Pi Beta Phi, Alpha Omicron Pi, Kappa Kappa Gamma, Alpha Xi Delta, Kappa Delta, Delta Delta Delta, Zeta Tau Alpha and Delta Gamma.

The point is: **To get the cat skinned!**

There's more'n one way to skin a cat.

And, in key with the old American proverb, there's more than one way to provide for your family's education and future.

But there's one special way which millions of Americans have found lately to be the easiest, surest, most foolproof way of all.

That's the Payroll Savings Plan—started for War Bonds, now being used to buy U. S. Savings Bonds. Through it, you pile up money safely, surely—week after week, month after month,

year after year.

**Best Investment in the Wide World!**

Listen to this—: All the resources of the United States are behind Savings Bonds—yet they pay better interest than anything of comparable safety. You still get 4 bucks at maturity for every 3 put in.

So hang on to this good American idea. Keep your Payroll Savings Plan in force. Keep on buying U.S. Savings Bonds. And you'll have that financial security cat skinned before you know it!

Buy all the Bonds you can...

keep all the Bonds you buy!
