ATHLETIC BALL

First Big Society Event of the
Season Occurred Last Night
A Swell Affair

Never was better proof given to the old saying "Seeing is believing," than last night at the Athletic Ball when all the forces of beauty, harmony, and pleasure united to produce one of the most enjoyable evenings that Armory Hall has ever witnessed. One who was not there can hardly realize the delightfulness of this social function, now firmly established as a fixture in University society circles.

Everything blended harmoniously, the soft mellow lights, cozy corners for delightful tete-a-tetes, gayly dressed young ladies, stately chaperones in more sombre colors but none the less stylish, the scent of flowers and rare perfumes, and above all the strains of sweet music, all combined to lend enchantment to the scene.

The decorations though not elaborate were beautifully simple. In the center covered with large palms and draped with "Old Glory" were the two guns and caissons of the University Battery. Above these were suspended the two footballs used in the Chicago and Wisconsin games. The corner where the patronesses held forth was decorated in Turkish fashion, antique draperies and hangings, rugs and colored lights being abundant. Frappe was served in another corner appropriately decorated. Dominant above all else was bunting of "red white and blue" and "Maroon and Gold" which served as a setting for the whole. The banner presented to the football team by the Varsity girls, was on exhibition and was the object of many compliments.

Music was furnished by the University Band and entire satisfaction was given. Although this was the first time that outside music was not procured for such a society event, the result justified the innovation and those in charge are to be congratulated upon the spirit shown. The action too, of the committee in turning over all net receipts towards a fund for taking the band to Nebraska is most commendable and deserves recognition.

The arrangements were under the direction of I. Nesbit Tate, assisted by F. U. Davis and Geo. K. Belden. To these gentlemen all credit is due.

The following were the patronesses: Mesdames Cyrus Northrop, J. S. Pillsbury, W. S. Patee, H. L. Williams, F. J. E. Woodbridge, F. S. Jones, Richard Burton, J. B. Pike, F. M. Joyce, G. H. Partridge, F. B. Snyder, C. S. Hale and R. H. Folwell.

SCHEME FOR YELLING

The scheme for yelling will be the same to-day as it was at the Wisconsin game last Saturday. The same yell captains will serve. The megaphone brigade and all those who expect to participate in the rooting should be at the gates at 1 o'clock sharp, so that they can all get seats together. It is imperative that all rooters should be present at that time, as the management has announced that the gates will be opened promptly at 1 o'clock. Come all and bring your voices and megaphones with you.

MINNESOTA vs. ILLINOIS

Third Championship Game for Minnesota to be Played this Afternoon. Illinois Determined. Outcome of Game Doubtful.

Minnesota and Illinois will meet on Northrop field this afternoon at 2:30 in what will undoubtedly prove as fast and interesting game of football as will be seen here this season. With the defeat of two years ago to wipe out and her present prestige to maintain, Minnesota has every inducement to play a hard game. Added to these reasons for desiring a victory, Minnesota feels that it is absolutely necessary to equal Michigan's score of 12 to 0 against Illinois in order to rank with the Wolverines, whereas a better score would mean that in the event of Michigan's winning from Iowa in the game at Detroit today Minnesota would have a claim on first place for the season of '00.

Illinois has a remarkably fast team. Though not a heavy team they have a line that can present a strong defense. At end Adsit and Rothgeb have done phenomenal work. Adsit has played the position several seasons and was last year regarded one of the best ends that ever played on an Illinois team. Rothgeb is very heavy and tackles especially well. Lundgren is an old player at full back and is a hard man to stop when he has the ball. Mathews plays quarter and does the punting. He has outpunted every opponent so far this season save Robertson, of Purdue, who this year is unequalled in the West. The fastest work on the team is done by Cavou and Martin, half backs. Cavou, who is an Indian, has played with Carlisle and is remarkably speedy as well as being a very aggressive player. Lindgren, Lowenthal, Hanson, and Captain

Hall all know the game thoroughly and play with the spirit of veterans.

The Minnesota team, fresh from their victory over Wisconsin, will go into the game in excellent condition. They realize, as many of the students seem not to do, that the game will be one of the very hardest of the season, and they are preparing for the battle with the expectation that defeat is among the probabilities but with the determination to make it a victory and to equal or exceed Michigan's score against Illinois made two weeks ago. All the men playing in the Wisconsin game will be in the line-up today and they are prepared to do the fastest playing they have shown themselves capable of this season. In spite of all this the outcome of the game is by no means assured. It will be a hard, fast and close contest at the best, with Illinois struggling to win the victory with any margin and Minnesota fighting to defeat Michigan while playing Illinois. The advance sale of tickets indicates that a large crowd will attend to cheer the Maroon and Gold to another victory.

The line up:

ADMISSION TODAY

The ticket committee of the Athletic Board of Control issues today the following notice:

Ticket holders with general admission tickets or reserved seat tickets for Sec. F. will be admitted at the small gate back of the Armory, but no tickets will be sold at that gate. Those who have not already purchased tickets for the bleacher side of the field will find them on sale at the box office, Saturday, and will enter at the small gate on the south side of the Field. The large gate on Union St. will be closed.

By Order of Ticket Committee.

The gates will open positively at one o'clock, the Illinois officials having been notified that unless they are on hand at that time, the Minnesota managers will open the gates and take the tickets.

Y. W. C. A.

Seven classes have been organized in the Y. W. C. A. for the study of the Bible. There are some seventy five girls in all the classes, almost twice as many as last year, and there is great enthusiasm and earnestness taken in the work.

Next week will be observed in various colleges over the country the week of prayer. There will be daily noon meetings in the Y. W. C. A. room all week, and on Saturday a joint meeting with the S. C. A.

\$6.50 TO LINCOLN

The Athletic management has secured a very generous rate to Lincoln for the Thanksgiving game. The rate is to be \$6.50 providing 125 students desire to go at that rate. In case this number is secured a special train will be run down, arriving a few hours before the game, and starting back in the evening. As the round trip is about 1000 miles it is seen this is a very generous offer, and it is left entirely with those who wish to work up a big crowd of Minnesota rooters, to determine whether the required number can be secured. The 125 is exclusive of the team and band, who leave on a train ahead of the rooters train.

In order to make a sure thing it will be required of everyone wishing to go, to hand in their names and deposit two dollars. In case the crowd is not secured the two dollars will be refunded, in case the crowd does go anyone not going will forfeit the two dollars. Everyone desiring to go should hand their name and two dollars deposit to Mr. Burger of the Daily. It is up to the students to say whether they want to go or not.

The preliminary debating contest has been postponed one week. It will take place Monday, Nov. 19, instead of Nov. 12.

The Minnesota Daily

Published every day during the University year by the students of the University of Minnesota.

Subscription Price, \$2.00 a year, 75c a term Single copies, 2c. PAYABLE IN ADVANCE.

This day's issue edited by H. B. GISLASON.

Today's Game

The Minnesota football team lines up on Northrop Field, this afternoon, for the third championship game of the season of 1900. Its opponent, the Illinois team, is prepared to make a strong fight for victory. There is a feeling among the students that Minnesota has a walk-away in the game today, but nothing could be farther from the truth. Indeed, the team will have to work hard to defeat the fast aggregation from Illinois. The team and the coaches realize it and have been preparing for the struggle with the expectation of meeting a hard proposition.

The team will need today the united support of loyal students and alumni. The undergraduate body should go to the game and root for the team as never before. The team is playing Michigan, today, as well as Illinois and if Minnesota is going to have any colorable right to claim the championship of 1900 the game today must be won and won decisively. Don't leave it to the team to make the whole fight. It would be a lamentable occurrence should victory be snatched from us this afternoon, and such a thing must not and shall not be allowed. The loyal rooters, megaphones in hand and colors flying, will be on the field to welcome the team when it appears and to cheer them on to glorious victory. When the members of the team dash on to the field this afternoon let every son and daughter of Minnesota rise and give the Ski U-Mah, as it has never been given before, as a salute and welcome to the acknowledged champions of three states and the champions-to-be of the entire west, and repeat the yell for Dr. Williams and Assistant Coach Donaldson, the men who have brought the team to its present degree of efficiency.

The game will be called at 2:30, the gates being opened at one o'clock sharp. Bring your colors, your megaphones and your voices and be with the team in another victory.

MEETING OF HOOKEY CLUB

All interested in forming a Hockey and Polo Club for this winter, meet in Chapel at the fourth hour on Saturday. It is hoped much interest will be manifested, as there are several Clubs anxious to meet a University organization.

Freshmen Enterprise

This year's Freshman class has proved itself among the most active and energetic of any that has ever entered the University. And yet, strangely enough, the members of it have not, so far, undertaken to effect an organization as a class.

From the beginning the class has taken the most active interest in football and has organized and maintained a football team that has several victories to its credit, and all around has done magnificent work. Such enterprising spirit is to be commended, not only for its present accomplishments but also for its future results.

The position which Minnesota has acquired this year in football can be maintained only by strong organization and thorough training. It takes time to develop a modern, intercollegiate football player and then many to pick from in order to have a winning team. The only way to have at all times a large number of experienced players is by strong class and society teams to supplement the regular athletic organization. The Freshmen are to be congratulated on taking hold of the matter so energetically, and thus contributing to the success of Minnesota athletics.

"INIS DE VRIEZE"

The Richards Publishing Company of this city has recently published a novel entitled "Inis De Vrieze." The author is Miss Myra Wiren of the class of 1900, U. of M. The book has just been reviewed by three of the Minneapolis dailies, and is spoken of very highly. It will be remembered that Miss Wiren was the author of the "Pillsbury Poem" written for and read on the occasion of the unveiling of the Pillsbury statue. Copies of the book are on sale down town and at Ecklund and Buck's News store, corner of Fourth street and Fourteenth avenue southeast.

SCHOOL OF CIVIL ENGINEERING

Three new transits have been added to the instrumental outfit of the Civil Engineers during the present term. Two were of standard pattern and the third was after a special design furnished by the department. Professor Hoag plans to use this transit both as a common field instrument with the Juniors and as an astronomical transit next spring with the Seniors in Geodesy. Kohlo & Elerbe, instrument makers, St. Paul, made the transit.

C. Paul Jones, C. E. of '97, finds himself after election, a full-blown county surveyor. His address is Salem, Minn.

D. Cuyler Washburn, a graduate in architecture, writes from Sault Ste. Marie that he is employed with the Michigan-Lake Superior Power Co. at a very comfortable salary and desire to complete a course in Civil Engineering.

Mr. C. E. Crownover, a graduate of Nebraska University, 1897, is assisting Prof. Hoag with the Juniors in railroad work. Mr. Crownover has spent most of the time since graduation on the west coast and was employed on the Denver and Rio Grande R. R. when called to the University. Mr. and Mrs. Crownover reside at 400 Delaware Street S. E.

All those desiring to compete for the prize of \$5.00 offered by the '02 Gopher Board, for art work, should submit their drawings at once. The contest closes at noon (12 M.) Dec. 15th. Address all work to Miss Blitz, Chairman of Art Committee, P. O. Box 1051, Art Department.

GREEK PLAY TICKETS

There are a few students who took tickets to sell for the Greek play who have not accounted for them. These students will be held responsible for their tickets until they are accounted for. The management desires an early settlement. Peter Hanson.

BOARD OF DIRECTORS

The Board of Directors of the MINNESOTA DAILY will meet in Prof. Anderson's office Saturday at the fourth hour.

PETER HANSON, Prest.

COLLEGE OF MEDICINE

Dr. Riggs' lectures to the Seniors on Mental and Nervous Diseases begin Friday, Nov. 16th.

B. S. Adams, '01, has returned from Biwabik. He has had charge of Dr. G. A. Cutts' practice during the illness of Dr. Cutts.

Juniors must make arrangements soon about Gopher pictures. From the present appearance of things there is going to be a grand rush at the last moment.

One of the late important additions to the Medical Library, is the American System of Practical Medicine. The Juniors will find this a very valuable reference work.

WANTED

About three hundred Juniors to have their pictures taken during the next two weeks, for the '02 Gopher.

This is very important and should be attended to at once. Those who have not yet paid their first term subscription should also attend to this matter at once.

CHAS. J. BRAND,
Business Manager.

NOTICE

The first rehearsal of the Dramatic Club casts is called for Monday morning, Nov. 19th, at the Johnson school.

The entire cast for "The Flower of Yeddo" must be there at nine o'clock sharp; the cast for "At the Barricade" at ten o'clock; the cast for "A Woman's Won't" at eleven o'clock. Remember the hours, be right on time and start the work off with a rush.

PERSONAL

Dr. Kiehle will address the teachers of Redwood county at Redwood Falls on Friday evening, Nov. 31. His subject will be "Education for Complete Living."

The Senior girls held a meeting at the seventh hour yesterday and discussed the feasibility of organizing a Woman's League in the University. A committee was appointed to look up the matter and to consult with some of the ladies of the faculty. No doubt the girls of other classes will take action soon, and an organization be perfected.

Col. Parker, president of the Chicago Institute, will open the auditorium of the East High school on next Friday evening, Nov. 16. His subject will be: "Artists or Artisans, Which?" Col. Parker is doubtless the best known progressive educator at the present time, and every one interested in education will be interested in hearing him. The admission is 25c.

Seymour E. Moon, of the class of 1900, is spending a few days at the University. Since graduation, life to Mr. Moon has been one of mingled joys and sadness. Shortly before Commencement last summer, Mr. Moon was married to a former student of the University, and only a few days ago was called to mourn her death. Mr. Moon was one of the prominent members of his class, identifying himself especially with Y. M. C. A. work and debating. The DAILY extends the most heartfelt sympathy to Mr. Moon in his affliction.

THE NEW SHOPS

The Foundry, Carpentry, and Machine Shops, and the Electrical Labs.

The new shops of the Colleges of Engineering, located back of Pillsbury Hall, are about ready for work to commence, and the different departments that are to occupy them are now moving in. The building is of red pressed brick, with many windows, and is adapted in every particular for the use to which it is to be put.

The rear end of the building contains the foundry, fitted with a new 27-inch cupola of the latest pattern. There is plenty of room for brass and iron moulding and casting, and another small room for chipping and cleaning casting, so that the boys have to put up with none of the inconveniences of their old quarters.

In the portion of the building in front of the foundry will be the blacksmith shop, but the floor space will be occupied by the Electrical laboratories until provision is made for these later. These laboratories are all ready for classes, and they have, in fact, been used for the last week, although the apparatus is not as yet all set. The floor space here has been most economically used, and more added by the clever device of suspending one room inside of another. The arc lamp testing room hangs suspended from the rafters some ten feet from the

Personally conducted Tours to California in Pullman Tourist Sleeping Cars

via Chicago Great Western Ry. to Kansas City and Santa Fe Route to Los Angeles and Southern California. Only line having new Pullman Tourist Sleepers equipped with wide vestibules, steam heat and gas light. One of these new sleepers leaves St. Paul at 8:10 a. m. every Monday, via Chicago Great Western for Los Angeles and Southern California, reaching Los Angeles the following Friday morning. These tours are personally conducted by an experienced official who accompanies the train to its destination. The cars are well equipped for a long journey and are as comfortable as the standard sleepers, while the price for a double berth is only six dollars. Full information furnished by any Great Western agent, or J. P. Elmer, General Passenger Department, Fifth and Robert streets, St. Paul, Minn.

floor, and is open on all sides allowing a free light. Prof. Springer has his office in one corner of the Laboratory, very neatly fitted up with drawing tables and desks, and in another corner is the dark room, fitted with every convenience, and entered by a light trap. Over this dark room is the meter testing room, reached by a ladder from the ground floor. In another corner is a small machine shop, set off by stock cases and lockers for the use of this laboratory, and over it will be a stock room. On the ground floor are standardizing and instrument tables, all designed by the professors in this department, and the various diagrams, motors, alternating machines, and other apparatus used in the study of Electrical Engineering. Given originally only 2,500 feet of space for its laboratories, the department has made 3,300 feet, and then is crowded beyond the limit of safety. The department hopes to secure from the Legislature this winter, an appropriation for an Electrical Building to include a lighting plant for the University, and will put up with what it can get until that time. Meantime the blacksmiths must use their old quarters in the Mechanic Arts Building. Prof. Shepardson has his office and class room in the Armory, with the drawing room in the Mechanic Arts building, electrical laboratory in the new shop and another class room in the chemistry building, while Prof. Springer has his office and laboratories in the new shops with class rooms in the Mechanic Arts building. They are both to be congratulated on the work they are doing under these adverse circumstances.

In the front part of the building are the new machine shop, on the first floor, and the carpenter shop on the second floor, both operated by electric power from the Mechanic Arts building. They are both light and roomy and a vast improvement over the old and crowded quarters in the Mechanic Arts building. On the second floor also, will be the library, and offices for one or two of the professors. In every way the building is most complete and the professors and students are felicitating themselves on their good luck in securing it. They are looking forward eagerly to the day when a new Mechanic Arts building will adjoin these shops on the front.

FOOT BALL NIGHT

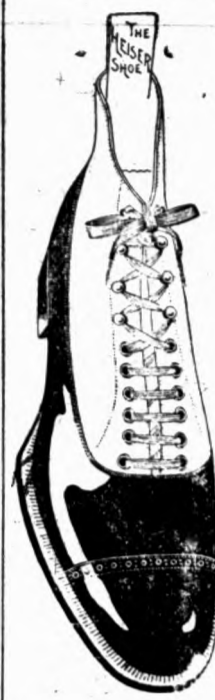

Tonight will again be "foot ball night" at the Metropolitan. The play, Old Jed Prouty, very readily admits of the introduction of foot ball songs and gags and hits on prominent Professors. The scene of the play is at Bucksport, a very enterprising city in Maine. This city has a football team that challenges the Minnesota team to meet them on the gridiron. The outcome of the game is a marvel. The team will occupy box seats. Prof. Jones and Doctor Williams will be there. The whole theatre will be decorated in Maroon and Gold and the fellows will yell once in a while to make the affair a success. Mr. Golden is a foot ball enthusiast and is determined to make this football night a hummer.

FRESHMAN FOOTBALL

All men trying for the team must report at Northrop Field next Monday at 3 P. M. Dr. Williams will be out and wishes two full teams to be present. Sophomore and Pillsbury games are near at hand. Manager

Rev. Fr. Gleason, of Minneapolis, will address the members of the University Catholic Association in the Y. W. C. A. room Sunday, at 3:40 p. m. All are cordially invited.

GEO. McLAUGHLIN, President.
