AUDREY

MISS MARY JOHNSTON'S latest novel.

This exquisite love story of 18th century Virginia fully justifies the great interest with which it has been awaited. Audrey is the most vital and fascinating figure created by Miss Johnston's imagination.

Six colored illustrations by F. C. Yohn form an attractive feature of the book.

L. O. Kellogg Heads List for Scholarship. 22 Seniors Elected to P. B. K.

The announcement of the election to membership in the honorary society of the Phi Beta Kappa was made at Chapel yesterday. There was no election previous to this during the year, the society having departed from the plan of a fall and spring election. This fact makes the list a very long one.

The name of Charles Schunert, who died Feb. 7th also appears among them. The complete list of those elected to membership, with their grades is as follows:

Lee O. Kellogg, 97.002; Katherine Jacobson, 94.71; Mary L. Woodward, 94.23; Jennie McGregor, 94.03; Theresa Morrison, 93.99; Edith M. Foulke, 93.87; Mary E. Sanford, 93.51; Catherine Hillesheim, 93.20; Helen R. Fish, 93.00; Martha H. Sjoberg, 92.98; Pauline Field, 92.85; Charles A. Schunert,

C. A. Schunert '02 died Feb. 7, elected to Phi Beta Kappa post obitum.

92.85; Homer Reed, 92.72; Grace Polk, 92.66; Edith L. Hermann, 92.64; Paul C. Burrell, 92.61; Nelle A. Olson, 92.59; Elizabeth D. Barstow, 92.52; Hans A. Dalaker, 92.49; Helen Camp, 91.87.

The following is a list of the remaining members of the class who have received an average of 90% or better and whose names will consequently appear on the honor roll:

Caroline Crosby, 92.67; (on basis of 2 years work;) Gene Lilley, 92.40; Robert W. Wetmore, 92.23; Helen Curren, 92.13, (for one and one half years work) George E. Silloway, 91.99; E. Thomas, 91.85, (2 credits short;) Ruth Thomas, (Two credits short;) Ruth F. Cole, 91.83; Ellen E. McGregor, 91.74; Nels E. Valerius, 91.71; Della Hermann 91.65; Olga E. Saltness, 91.62; Alice Dougan, 91.56, (On basis of three years work;) Edith C. Steele, 91.49; (Continued on sixth page.)

PROF. BURTON'S NEW BOOK

"Forces in Fiction" is the title of a small volume of essays from the pen of Dr. Burton, recently published by Bowen-Merrill Co., Indianapolis.

In his book Dr. Burton deals both in an interesting and scholarly manner with the great elements in fiction, the most fundamental of which, he declares are invention, construction, characterization and description.

The whole book is well illustrated by reference to the old as well as new masters in fiction. The author attributes the greatness of Dickens, Thackeray, Scott and Elliot largely to their ability in delineating character, the truth of which statement is most forcibly brought out by the success of David Harum which is in reality nothing but a character sketch of one man.

The various forms of fiction receive their separate treatment of the technicalities of fiction and drama, the ethics of literature and the use of English are discussed as only a man of Dr. Burton's extraordinary power can.

The whole work teems with the professor's quaint phrases, and sayings familiar to those who have enjoyed class work with him. A review of the book can only be made by each individual for himself in reading it. It is now on sale at the Book Store.

THE WOMEN'S LEAGUE

The meeting of the different groups of the Women's League will be held on next Saturday afternoon, Mar. 15. Several novel entertainments have been planned by the girls for this time.

The election of officers of the League will take place in Chapel on Saturday April 5, at the fourth hour. The officers to be elected at this meeting will take charge of their duties at the opening of the college year in September. At a meeting of the executive committee it was also decided to give a large reception to the faculty and members of the League in the Armory on April 12th.

GRADUATE CLUB TONIGHT

The Graduate Club meets tonight in the Y. W. C. A. room in the Library at eight o'clock. Mr. W. S. Brown of the Glee Club will sing, Dr. Bliss will speak on "The University of Chicago as a Place for Graduate Work," and Prof. Nachtrieb will talk on the graduate school of Johns Hopkins and the celebration recently of the quarto-centennial of that institution. A social time will follow the program. All graduate students and others interested are cordially invited.

ENTIRELY HIDDEN

The Wide Brims of the Senior Sombreros Will Put the Class in the Shade

The men of the senior class will wear sombreros this spring. This was decided at a meeting held yesterday. The report of the committee appointed on Saturday was made and after some discussion the sombrero was adopted as the official garb of the class of '02. The present senior class is the first which has attempted a feature of this kind at Minnesota and the custom inaugurated yesterday will doubtless be followed by succeeding senior classes.

The hat is to be of Mexican pattern with a very wide brim. The seniors refuse to divulge the exact date on which the sombreros will make their appearance, but should the weather be propitious the new hat will be seen early next week.

BEATS FORMER RECORD

G. M. Harsh has again broken his strength record. In a test yesterday he made 1667 kilos, an increase of 149 kilos over his previous test. Mr. Harsh made a remarkable showing, breaking the University leg record and establishing a new record of 728 for this part of the strength test. Dr. Cooke is confident that Harsh has not yet reached his limit and developments are expected.

The strength tests taken by Mr. Harsh are as follows:

Nov. 20, 1025.8 points; Jan. 10; 1219.5 points, Feb. 8, 1320.4 points, Feb. 21, 1518.3 points, Mar. 5, 1518.3 points, Mar. 11, 1667.5 points.

INTER-DEPARTMENT BASEBALL

Tomorrow at ten o'clock, the managers of the several department base ball teams will meet in the DAILY office, and prepare a schedule of games. It is hoped that interest will be manifested as was aroused last spring. The friendly rivalry that existed among the departments—especially between the Laws and Medics—was often brought to a climax. The games were always an attraction, and seldom failed to win the applause of the students. It is hoped that the high standard can again be reached.

A LETTER FROM THE PHILIPPINES

On Monday Prof. Haynes received the following letter from Capt. Geo. H. Morgan, enclosing \$5 for our soldiers memorial.

Batanzas, Jan. 28, 1902.

Dear Prof.

Mail facilities are not good enough to keep up with my erratic movements. Have had six changes of address since July. Hope my small sum is not too late.

The action of the men of the men class in adopting a distinctive dress to be worn during the remainder of the year is a decided step in the right direction. The adoption of the plan is an evidence of an enterprising class spirit and class spirit should be an important factor in college life. The University itself is helped by class loyalty and occasional display of novelty, just as it is helped by traditions and customs.

It has been suggested that each class in the University should adopt a distinctive feature in dress. Whether the privilege should be confined to the seniors or not is a question which can only be decided by the different classes. The suggestion deserves careful consideration.

Progressive Action

The action of the Phi Beta Kappa society in selecting the members from from the senior class on a broader basis than mere scholarship cannot but meet with the hearty approval of the student-body. The old custom of selecting members by the very arbitrary rule of highest mark seems to have been finally and entirely abolished and hereafter a student may hope to receive a real honor by being elected for general culture and not because he has not demonstrated ability to confine himself to his books more closely than his fellows.

The DAILY joins with the friends of the members-elect in extending them its heartiest congratulations on the honors won. In another column will be found the list of the new members and of those on the honor roll of the senior class. To these as well as the Phi Beta Kappas the DAILY extends congratulations.

ENGINEERING NOTES

Charles N. McDaniel has entered upon his duties as instructor in forge work in the Engineering college. Mr. McDaniel has had a wide experience in blacksmith work and he will be a valuable addition to the engineering corps of instructors.

Guy Williams, Western salesman for the Bryan Marsh Electric company, lectured yesterday for the Junior and senior engineers.

W. L. Doughty, a senior in the Mechanical engineering college has accepted a lucrative position with an Eastern railroad. Mr. Doughty expects to return to Minnesota and finish his course.

Word has been received in the Engineering department that the new high speed automatic Allbre engine has been shipped from Indianapolis. The engine will be used in the engineering college.

FROM OTHER COLLEGES

O. S. U. has decided to adopt the universal A. B. degree system, to begin next year.

Nearly two-hundred and fifty men entered the preliminary debates at the University of Michigan this year.

The annual Harvard-Princeton debate will take place March 28 at Cambridge. Yale and Harvard debate on May 12 at Cambridge.

Columbia university nine is embarrassed by the professional base ball situation in New York. At present it has no grounds on which to play its home games.

John G. Milburn, Jr., of Buffalo, N. Y. has been picked as a member of the Oxford university crew for its annual race March 22. He is a son of Director John G. Milburn of the Pan-American Exposition.

Up to date thirty-seven schools and fifteen colleges have entered for the Pennsylvania relay races April 26. The prospects are that a larger number of teams will then be brought together than at any other meet in this or any other country.

The University of Michigan is to have her "strong man" contest. The wolverine authorities will doubtless profit by the example of Harvard, and get good strong testing machines, as the Harvard apparatus was altogether too weak for the Sampsons that thrive in the atmosphere of Boston.

The list of football casualties for 1902 has begun this early. It was an association game at St. Louis, in which the Christian brothers eleven and the Jefferson eleven took part. The result was a general mix-up, accompanied with a broken nose and a badly damaged head-gear.

HIGHER EDUCATION IN GERMANY

The following notice has been placarded in the entrance hall of Wurzburg university: "Honorable ladies who attend public lectures are informed that before entering lecture rooms they must take off their hats. In case of non-compliance with notice they must expect to have their hats taken off by force." This is signed by the university janitor.

SORORITY GIRLS IN QUARANTINE

Twenty-one young ladies of the university of Wisconsin, comprising the members of the Kappa Kappa Gamma society residing in the house, will spend the next weeks in enforced idleness.

The young ladies are bewailing their fate, which compelled them to break so many dates for the coming dances and attractions.

THE VALUE OF A HUNCH

The *Daily Iowan* in speaking of the
qualities requisite for an athletic man
ager places the value of the wonder
ful "hunch" at \$2,000. It says:
"He must be able to work with the

influence which can be appreciated by
Coach William's statement that the story
of McCutchen's hunch sent out from
Iowa City last October added \$2,000 to
the gate receipts of the Minnesota-Iowa
game."

GUILD MEDAL

The trophy case has received a valuable
addition in the shape of the new
Guild medal which is to be contested for
by non-commissioned officers of the cadet
battalion. The Medal is of gold, in
military design, suitably engraved and
is a beauty. It is to be presented to the
non-commissioned officer, who passes the
best examination in theoretical knowl-
edge of infantry drill tactics and regula-
tions and is to become the permanent
property of the person holding it two
years in succession.
The medal has been given to the Uni-
versity by Capt. Guild who was himself
a soldier and who has always taken a
deep interest in cadet affairs.

INTER-FRATERNITY BASEBALL

At Wisconsin the fraternities have organized a base ball league and are busy preparing a schedule. It has been suggested that arrangements be made for a game between the champions of the Wisconsin inter-fraternity league and other college inter-fraternity baseball champions. In this connection it is rumored that the fraternity bowling league at Minnesota is to become a base ball league after the bowling schedule is played.

FORCES EDITOR TO RETRACT

Because it did not reflect the sentiments of the Columbia university students, and because both editorially and in a two-page cartoon a direct insult was reflected upon two friendly institutions of learning, Harvard and Yale, the *Jester*, the Columbia semi-monthly publication, issued last week, has been suppressed so far as possible.

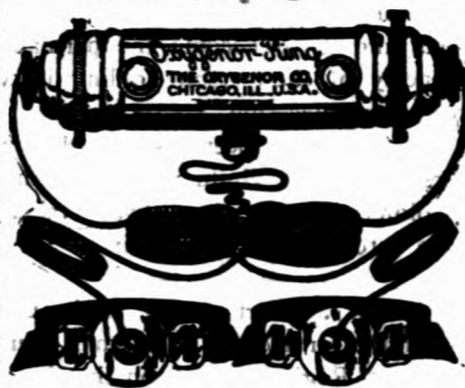

Further than this, Richard Kelley, 1902, the editor in chief, carrying out the mandate of dozens of students, who called him to task for the objectionable publication, has written letters of apology to the associate editors of Yale and Harvard publications, and has given his promise that in the issue of March 15 there will appear an editorial apology.

It was only when a body of thirty students, all firm in their determination that a retraction and apology had to be made, stormed the office of Kelly that the editor realized that the *Jester* of last week was not kindly taken by the varsity boys.

A Word to the Suffering

If you wish to enjoy perfect health and vigor, use nature's only reliable remedy, "OXYGEN" as applied by the "Perfect Oxygenor King." This instrument is more than 50 per cent stronger and in every respect far superior to any oxygenating instrument on the market. The Oxygenor will cure a Cold and break up LaGrippe in one night, and it will cure all kinds of fevers quicker than anything that has ever been used. It is also a certain cure for Rheumatism, Nervousness, Catarrh, Asthma, Blood Poison, Appendicitis, Kidney Disease, etc. It has a record of having cured 85 per cent of cases pronounced incurable.

GEORGE G. VALLENTYNE, Pastor Park Ave. M. E. Church, of Minneapolis. Says:—"I have used the Oxygenor with good success, and I count it worth weight in gold. I cannot speak too highly of it."
Residence 3327 Fifth Avenue South.

E. BRIDGMAN, of 3041 Oakland Avenue, Minneapolis, Minn. Says:—"I have suffered from Rheumatism for many years and from Locomotor Ataxia for nearly two years, but was immediately relieved upon using the King! Call or write for circulars."

BY THE WAY.
 W. E. J. Gratz, ex. '00, was at the University yesterday. He is teaching in the Princeton schools
 Harry Krum, '03, who is employed under the government was enjoying campus scenes yesterday.
 Yesterday's DAILY stated that upon application, the University would receive a catalogue of Congressional proceedings, instead of this Prof. McMillan was promised a card catalogue of the Washington library.

In the March number of "Physical Culture" magazine is an able article by a U. of M. student, Chas. E. Faulkner jr. The article, entitled "A Summons," calls attention to the present neglect of physical training among Americans, drawing a vivid contrast between the physical development of ancient Greeks and Romans, and modern Americans.
